41 CLIENTS AND PARTNERS
MAWAEVENTS Sdn Bhd is a renowned intelligence company that has developed itself to be the chief provider of international congresses, business conferences, corporate trainings, and hospitality management. With our expertise we have set the benchmark of what is known today as strategic business platforms.

The company maintains the highest standards of quality and service in research, technology and product development. Our commitment to service and quality are the basis for our reputation as the world’s leading provider of business intelligence. We will be respected and admired for the way we work and be seen by everyone (clients and staff) to have made a tangible and positive contribution to their success in business.
To provide our clients with the information and insights they need to sustain a valuable competitive advantage.

We will enable our people to produce innovative, inspirational and indispensable products and services that will be actively sought by our clients.

MawaEvents staff member, both trainers and consultants, are specialists in their own particular fields and have practical experience gained from a variety of different development organisations all over the world.

Our staffs are involved both in training and consultancy activities to ensure that they maintain a close link with day-to-day practices in the field. We believe that this way of working enriches the training courses and keeps our staff always at the forefront of emerging development ideas and best practices.

MawaEvents staff member, both trainers and consultants, are specialists in their own particular fields and have practical experience gained from a variety of different development organisations all over the world.

Our staffs are involved both in training and consultancy activities to ensure that they maintain a close link with day-to-day practices in the field. We believe that this way of working enriches the training courses and keeps our staff always at the forefront of emerging development ideas and best practices.

Mawa Events experts are professional people with initiative. They create good and sincere working relations with the course participants and our clients in the field.

Mawa Events Sdn Bhd provides courses, workshops, facilitations and consultancy services for individuals and organisations, especially designed to strengthen the managerial and organisational capacity required to perform effectively (to achieve set objectives) and efficiently (at minimum costs).

In addition to the open courses of our standard programme, Mawa Events offers tailor-made courses and workshops. These workshops and courses are multi-disciplinary and geared to the specific needs of the clients. Also, our regular courses can be adapted to meet specific needs. Furthermore Mawa Events can assist organisations in the design of new strategies and organisational development plans as well as with the implementation, monitoring and evaluation of these plans.

We bring together modern management theories and tools with practical experience in development programmes and projects worldwide. Our approach to training, as well as to consultancy, is of a practical nature, rich in visual elements and with a high degree of participation. We deliver our services to clients within a wide variety of organisations. These include bilateral and multilateral donors, governments, non-governmental organisations and consulting firms, all involved in development interventions.
MAWA EVENTS Sdn Bhd is a provider of strategic business intelligence. We provide these quality services to the local and international business community. MAWA EVENTS strategic business make this happen by taking care of our employees, as we believe that this in turn will make them committed to taking care of our clients.

MAWA professional training offers courses of the highest calibre to different industry practitioners. The materials and needs are gathered by well-trained researchers who track down the best experts of each field or industry. The courses are designed to give our clients the latest practical tools needed within their industry. MAWA Business Intelligence's trainings also provide our clients with an opportunity to gain invaluable experience through benchmarking and networking with their peers on a regional basis.

Great Consultancy / Trainings

All organizations today need to be fast, flexible and focused. And so do their people. If you are going to contribute to the success of your skills. To help you perform at the highest possible level, MAWA has created a portfolio of dynamic and highly practical training workshops. Whether you are looking for an introduction to a new skill, or simply brushing up an existing one, you should find what you are looking for in one of the programs outlined here but if you can’t see what you are looking for try our website www.mawaevents.net or www.mawaevents.com/. call the team at +603 7865 1533

Great Experts / Trainers

We’ve identified some great trainers to present these workshops. All experts in their field, they are also gifted communicators. If you want dynamic, stimulating training in essential skills that will really make a difference to your performance - and the opportunity to quiz an expert on any issue of particular concern to you - then look no further.

Your time is valuable. We appreciate that, so these programs are highly focused, full of useful tools and techniques that you can start using the minute you get back to office. Dynamic and full of ‘take-home value’, they are also simulating and enjoyable, enriching and fulfilling - give yourself a boost and book a place today!

Great Courses / Programs

MAWA professional business conferences are produced by highly experienced professionals who get the most renowned practitioners in each industry. Our business conferences are designed to give local and international senior executives the strategic information needed to enable them to make well-informed business decisions.

Let MAWA EVENTS help create the education approach that best meets Your Company’s Needs.
Maximise the impact of your training by putting an entire team through the same program. These programs can be presented exclusively for your organization on an in-house basis. You can have the programs tailored to meet your specific needs and choose your preferred date and location.

* For more information about MAWA's in-house training service, please call our in-house training team at +603 202 74751 or email inhouse@mawaevents.com

Who We Are?
MAWAEVENTS is a uniquely specialized management consulting company that has helped virtually every type of manufacturing and process industry maximize profits by improving reliability and maintenance practices.

What We Can Do For You?
MAWAEVENTS mission is to help our clients increase production reliability and lower manufacturing and maintenance costs. Traditional maintenance approaches generally focus on equipment; our philosophy emphasizes people. MAWAEVENTS works with your team to raise knowledge required to produce the preemptive processes, action and change that will transform your company's organization and garner bottom-line results. Because we don't sell engineering services, parts, tools, equipment or software, our independence translates into objective and credible advice and training for our clients. This means reduced costs, increased safety and maximized profits for you. Don't just take our word for it. Here's what a few of our clients have had to say about us.

Reliability Centred Maintenance's Delegate
"I like the training, everything was properly managed, the seminar was so lively and I loved the lessons I picked up from the experiences he shared"

Design by Reliability's Delegate
"I have thoroughly enjoyed my training. The course was truly interactive and practical. All the materials in the training is very useful and they would certainly assist me in my everyday work"

HR as Strategic Business Partner's Delegate
"The course was covered really well in a friendly and professional way. The trainer had great knowledge and experience in the door industry so he was able to deliver it realistically. Over all very enjoyable and educating"

This catalog includes a menu of education opportunities that are based on MAWAEVENTS nearly a decades of experience work seminars to customized training and on-the-job approaches that can be tailored to fit your needs and budget. Let MAWAEVENTS educate your team to implement the best reliability, maintenance, human resources etc. practices for your industry.

For more information visit www.mawaevents.net
MAWA EVENTS offers three training approaches to ensure we meet the reliability and maintenance needs of your organization.

1. **Best Practice Seminar**
   - This popular training approach includes fundamental concepts applicable to many types of industries and shares some universal best practices that we’ve seen successfully applied in different organizations all over the world.
   - This approach is often an ideal first step for organizations that want to raise awareness about fundamentals and teach best practices before moving into more specific organizational improvements.

2. **The Customized Training**
   - The most effective training tailors the curriculum to your organization. MAWA EVENTS visits your plant to research, learn your culture and create a customized curriculum to meet your particular industry, challenges and opportunities.

3. **On the job training with implementation support**
   - MAWA EVENTS consultants can also help you implement improvements in your organization through on-the-job training and consulting support. While the classroom is a good start to an improvement process, applying what’s learned doesn’t always occur when the training adjourns. MAWA EVENTS on-the-job training and consulting support ensures that learned concepts are applied on the plant floor, in real time. Onthe - job training varies widely, depending on organizational needs.

   Examples can include:
   - Hands-on Root Cause Problem eliminations
   - Walk inspection routes with your people
   - Help reduce spare parts while keeping the right parts on hand
   - Help standardizing work orders and job plans
   - Documenting preventive maintenance routes and work orders with your people
   - Designing a root cause business process for your plant
   - Identifying and implementing key performance indicators
   - Work with your planners on how to improve planning
   - Help your people conduct daily/ weekly planning and scheduling meetings

Public Training

1. Product Development and R&D
   - Developing Product in Half The Time
   - Proactive Risk Management for Product Development
   - Rapid Product Development
   - TRIZ (Theory of Inventive Problem Solving) for Product Development and R&D
   - Project Management for Product Development
   - Innovate or Stagnate
   - Improving the ROI of R&D

2. Manufacturing
   - Lean Manufacturing
   - Innovative Cost Reduction Strategies
   - Cycle Time Reduction Strategies
   - Effective Scheduling Thru Lean Implementation
   - Quality Improvement in Manufacturing
   - Effective Inventory Management
   - Design for Manufacturability
   - Design to Cost
   - Zero Unplanned Breakdowns
   - Lowering Costs, Increasing Profits
   - Lead Time Reduction
   - Effective Change Management for Maintenance
   - Industrial Strategic Decision Making

3. Aeronautics and Aviation
   - Project Management for Transport Infrastructure
   - Senior Civil Aviation Management
   - Supply Chain & Air Freight in Aviation Logistics Training
   - Transport Infrastructure Performance and Maintenance

4. Auditing & Governance, Risk & Compliance
   - Advanced Governance, Risk Management & Compliance (GRC)
   - Advanced Risk Based Auditing
   - Anti money laundering
   - Auditing Corporate Governance
   - Basel III, Risk Assessment and Stress Testing
   - Certificate in Fraud Prevention, Detection & Investigation

   - Certified Compliance Analyst (CCA)
   - Certified Internal Auditor Exam Preparation
   - Certified Risk Analyst (CCA)
   - Certified Strategic Auditor (CSA)
   - Auditing of Projects & Contracts
   - Enterprise Risk Management Bootcamp
   - Enterprise Risk Management
   - Essential of Internal Audit
   - Certificate in Advanced Governance, Risk and Compliance (GRC)
   - Certificate in Board Secretarial Practice
   - Certificate in Building High Performance Boards
   - Certificate in Corporate Governance Best Practice
   - Certificate in Enterprise Risk Management
   - Improving Your Audit Reports & Delivering Added Value
   - IT Auditing & IT Fraud Detection
   - Report Writing for the Internal Auditor
   - Risk Based Internal Audit
   - World Class Internal Audit
   - High Impact Internal Audit Leadership
   - Foreign Exchange, Money Markets and Derivatives
   - Forensic Accounting and Fraud Control
   - Fraud Detection & Prevention for the Insurance Industry
   - Governance, Risk & Compliance

5. Construction & Civil Engineering Training
   - ACI Code Requirements & Specifications for Concrete Design, Construction & Repair Training
   - Advanced Analysis of STAAD PRO 2005 Training
   - Advanced Analysis of STAAD PRO 2007 Training
   - Advanced Concrete Technology Training
   - Advanced Construction Management, Site Operation and Supervising Multiple Projects Training
   - Advanced in Steel Work Design & Inspection Training
   - Advanced Insulation & Refractory Materials & Work Execution Training
   - Assessment of Defects in Concrete Structures & Evaluation of Safety of Concrete Infrastructure Training
   - AutoCAD Civil 3D Land Development Training
   - Best Practices in Sewage & Effluent Treatment Technologies Processes, Theory, Maintenance, Operation and Troubleshooting Training
   - Building & Facilities Maintenance Management Training
   - Building Finishes & Rehabilitation Works Training
   - Building Operational Excellence in the Process Industry Training
   - FIDIC Claims: Management of Claims & Resolution of Disputes
   - FIDIC Contracts Management: Practical Use of FIDIC Contracts
   - Geographical & Mapping Information Management System Training
   - Geometric Design of Urban & Rural Roads Training
   - GPS General Training & Software Applications Training
   - Green Building & Whole Building Commissioning Tools Training
   - Industrial Building Design- Blast Resistance & Resilient for Oil & Gas Field Training
- Best Practices Property Management Training
- Blast Resistance Buildings for Oil and Gas Field Training
- Building Preventive Maintenance Training
- Building Services Maintenance & Management
- Concrete Structural Design for Industrial Projects Training
- Construction & Building Envelope Inspection Training
- Construction Management, Procedures & Implementation Training
- Construction Management, & Supervising Multiple Projects Training
- Construction Project Management
- Construction Quality Control & Quality Assurance Training
- Construction Quality Control On Site Training
- Construction Supervision Skills Training
- Damage Assessment & Rehabilitation of Concrete Structures Training
- Design, Inspection, Repair & Maintenance Concrete Structure In Petrochemical Plants Training
- Designing & Analysing Water Networks Using Computer Applications Training
- Designing High Performance Concrete Structures Training
- Durability of Reinforced Concrete Structures Assessment & Repair Training
- Dynamic Analysis for RC Structures Under Dynamic Loading in Petroleum Industry Training
- Engineering Material for Building & Bridges Training
- Industrial Building Design-Control Room, Substations, Warehouse & Offices Training
- Sustainable Design & Construction: Codes, Standards & Best Practice
- Techniques for Pavement Rehabilitation Training
- The Complete Course on Construction Management, Creative Problem Solving & Decision Making Training
- Refractory Design, Installation, Inspection and Repair Training
- Reinforced Concrete for Hot Climate Regions Training
- Resolving Contract Disputes & Avoiding Construction Claims Training
- Risk Based Inspection & Maintenance for Reinforced Concrete Structure Training
- Road Construction Materials & Construction Technologies Training
- Road Maintenance Training
- Road Project Management Training
- Sloping, Benching, Embankments & Bundwalls Training
- Structural Analysis & Design for Concrete Buildings Training
- Structural Condition Assessment of Existing Structures Training
- Structural Design for Non Structural Engineers Training
- Structural Renovation of Building Training
- Structural Steel Design- Pipe Rack, Shelters, Pipe Supports, Platforms & Ladders Training
- Inspection, Assessment & Repair of Concrete Structure Training
- Interpretation & Enforcement of Construction Contracts for Industrial Plants Training
- Introduction to STAAD Pro Training
- Offshore Structure Platform Design Using SACS Software Training
- Pavement Design of Roads Training
- Planning Construction Equipment & Methods for Reducing Cost of High-Rise Buildings Training
- Quality Control & Assurance for Concrete & Steel Structure Projects Training
- Total Building Commissioning Process Training
- Traffic Data Collection & Analysis Training
- Utility & Infrastructure Maintenance, Rehabilitation & Renovation for Civil Engineers Training
- Advanced Facilities Management Training
- Best Practices in Building Services Management
- Business Continuity Planning & Management
- CDM-Regulations & Best Practices
- Control of Contractors
- Essentials of Facilities Management
- Getting to Grips With Office Facilities
- Reliability Centred Maintenance
- Understanding & Managing Building Services
- Health & Safety for Facilities Management
- Maintenance & Operation (MANDO) of Engineering Plant & Services
- Managing Client- Contractor Relationships
- Project Management for FM
- Successful Procurement of FM Services
- Certificate in Data Science
- Certificate in Big Data & Data Analysis
- Blockchain Masterclass
- Advanced Facilities Management Training
- Best Practices in Building Services Management
- Business Continuity Planning & Management
- CDM-Regulations & Best Practices
- Control of Contractors
- Essentials of Facilities Management
- Getting to Grips With Office Facilities
- Reliability Centred Maintenance
- Understanding & Managing Building Services
- Health & Safety for Facilities Management
- Maintenance & Operation (MANDO) of Engineering Plant & Services
- Managing Client- Contractor Relationships
- Project Management for FM
- Successful Procurement of FM Services
- Data Analysis & Reporting Techniques Using Excel
- Debtors & Working Capital Management
- Developing, Improving & Monitoring the Internal Audit Function
- Digital Transformation in Financial Services
- Effective Budgeting & Cost Control
- Fast Closing –Month-End & Year-End Accounts
- Feasibility Studies- Preparation, Analysis & Evaluation
- Certificate in Accounting & Financial Control
- Finance & Accounting for The Oil and Gas Industry
- Budgeting, Planning & Management Reporting
- Business & Financial Modelling
- Business Reports & Dashboards Using Excel
- Cash Flow Management
- Chartered Financial Analyst-CFA Level 1 Preparation Courses
- Chartered Financial Manager (CHFM)
- CIMA Diploma in Performance Management -P1: Management Accounting
- CIMA Diploma in Performance Management -P2: Advanced Management Accounting
- Constructing & Managing Equity Portfolios
- Cost Analysis to Support Strategic Decisions
- Cost Reduction Without People Reduction
- Credit Control & Debt Collection
- Credit Risk Modelling
- Data Analysis & Reporting Techniques Using Excel
- Debtor & Working Capital Management
- Developing, Improving & Monitoring the Internal Audit Function
- Digital Transformation in Financial Services
- Effective Budgeting & Cost Control
- Fast Closing –Month-End & Year-End Accounts
- Feasibility Studies- Preparation, Analysis & Evaluation
- Certificate in Accounting & Financial Control
- Finance & Accounting for The Oil and Gas Industry
Health, Safety, Security

- Access Control & Physical Security Management
- Advanced Health & Safety Management
- Advanced Performance Improvement in Health Care
- Advanced Process Hazop
- Behaviour-Based Safety
- Best Practices in Healthcare Performance Improvement
- Certificate in Emergency Response for Security Teams
- Certificate in Security Management
- Certified Crisis Management Professional
- Certified Cyber Security Specialist
- Competency Based Training on The Safe Operations of Cranes
- Contractor Safety Management
- Developing an Effective Safety Culture
- Digital Forensics & Cyber Investigations
- Emergency Response Planning (ERP)
- Emergency Response Planning/Crisis Management for Hazardous Environments
- Emergency Response to Chemical Spills
- Environmental Monitoring & Modelling-Environmental Management System
- Ethical Hacking
- Hazardous Waste Management & Pollution
- Hazardous Waste Management
- Hazop Study Management
- Health, Safety & Environment (HSE) Workshop
- Healthcare Financial Management
- Healthcare Management Master Class
- Healthcare Strategic Management Skills
- ISO 14001:2015 Transition Training: Environmental Management System
- IT System: Identity & Access Management
- Job Hazard Analysis
- Lean Sigma Performance Improvement In Healthcare
- OSHA: Occupational Safety & Health Administration Standards
- Pharmaceutical Good Manufacturing Practice
- Pharmaceutical Sales: Communicating with Physicians
- Radiation Safety-Safely Working with Radioactive Materials
- Risk Assessment, Methods Statements & Quality Plans
- Safety Audit & Site Inspection
- Safety in Process Equipment Design & Operation
- Safety Technology & Risk Management
- Security Incident Management & Investigations
- Security Management
- Strategic Healthcare Management
- Structured Approach To Accident Investigation
- Sustainable Design & Construction: Codes, Standards & Best Practice
- Industrial Safety For Contractors
- The Successful Healthcare Supervisor
- Transforming The Patient Experience
- Waste Management: A Modern & Sustainable Approach
- Competency Based Training on The Safe Operations Of Forklift
Human Resources Management

- Advanced Career Development & Succession Planning
- Advanced Employee Relations
- Advanced Human Resources Management
- Advanced Selection, Interviewing & Recruitment Skills
- Agile HR Practitioner
- APHR Preparation
- ATD Expert Coach Program
- ATD Master Instructional Designer Program
- ATD Master Performance Consultant Program
- ATD Master Trainer Program
- ATD Measuring Return on Investment Certificate
- ATD Train The Trainer
- Auditing HR Process
- Best Practice Recruitment
- Building & Implementing a Career Development Programme
- Career Development & Succession Planning
- Career Planning & Talent Management
- Certificate in Advanced Compensation & Benefits
- Certificate in Compensation & Reward Management
- Certificate in Employee Training & Development
- Certificate in HR Administration
- Certificate in HR Audit
- Certificate in HR Policies & Procedures

- Electric Power Distribution System for Industrial Plants
- Electric Power Substation Engineering
- Electric Power Transmission & Distribution Engineering
- Electrical Controls Panel Designing
- Oil & Gas Contracts
- Oil & Gas Essentials
- Oil & Gas Marine Terminals Operations, Management & Safety in Accordance with International Standards
- Operation, Diagnostics & Maintenance of Equipment for Oil & Gas Production
- Petroleum Project Economics & Risk Analysis
- Petroleum Refining - Production Planning, Schedule & Yield Optimization
- Process Plant Optimization, Revamping & Debottlenecking
- Production Planning & Scheduling in Petroleum Refineries
- Refinery Process Yields Optimisation
- Tank Farm Operations & Performance
- Managing Project Risks in the Oil & Gas Industry
- Oil & Gas Accounting & Performance Measurement

Professional Development

- 7 Habits of Highly Effective People
- Advanced Communication Skills for the Professional Woman
- Advanced Problem Solving & Decision Making
- Brilliant Body Language
- Business Ethics for Working Professional
- Business Etiquette & International Protocol
- Business Etiquette for Business Success
- Certified Administration Manager (CAM)
- Certified Executive Secretary
- Coaching-Based Public Speaking & Presentation Skills
- Communication with Power & Impact for Women
- Creative Thinking, Problem Solving & Decision Making - ILM Endorsed
- Effective Meeting Management
- Emotional Intelligence Masterclass
- How to Manage Your Manager
- ILM Endorsed Effective Business Writing
- Management Skills for Administrative Professionals
- Managing Yourself for Future Success & Achievement
- Mastering the Art of Conflict Management
- Mini MBA: Women in Leadership

Project, Procurement and Contracts

- Advanced Contracts Translation
- Advanced Law & Contracting - (Level 3-Advanced)
- Advanced Legal Translation
- Advanced Negotiation - (Level 3-Advanced)
- Advanced Procurement Skills
- Advanced Sourcing - (Level 3-Advanced)
- Advanced Supply Chain Risk - (Level 3-Advanced)
- Agile Project Management
- Arbitration & Dispute Resolution
- Best Practice Procurement
- Best Practice in Multishift Operations
- Bootcamp for Project Management Professionals
- CILT Certificate in Supply Chain & Logistics Management
- CILT Certified Procurement Professional
- Category Management in Procurement
- Certificate in Advanced Project Management
- Certificate in Business & Commercial Law
- Certificate in Contracts Management
- Certificate in Risk Management & Supply Chain Vulnerability
- Certificate in Warehousing Management
- Certified Contract Manager
- Certified International Procurement Professional
- Certified Supply Chain Professional (CSCP) Exam Preparation
- Certified Training in Project Portfolio Management
- CILT Certificate in Stock Management, Forecasting & Demand Planning
Quality & Productivity
- ISO 14001:2015 Transition Training: Environmental Management System
- Transforming The Patient Experience
- ASQ Approved Lean Six Sigma Green Belt
- ASQ Certified Manager Of Quality-Organizational Excellence Refresher
- ASQ Certified Quality Engineer Certification Preparation
- ASQ Introduction To Quality Engineering
- Certified Quality Management Professional
- Certified Six Sigma Yellow Belt
- EFQM-Journey To Excellence
- EFQM-Leaders For Excellence
- EFQM-Internal Assessor

Excellence Models
- Fundamentals Of Quality Management
- Improving Productivity Through Quality & Cost Reduction
- ISO 9000-Quality & Excellence
- Lean Thinking:A Strategy For Operational Excellence
- Process Methodology-Managing, Measurement & Improvement
- Simplification Of Work Process & Procedures
- Strategic Quality Management
- Total Quality Management-Tool Box For Continual Improvement
- Understanding & Implementing Six Sigma

Real Estate
- Certificate In Mechanical, Electrical & Plumbing (MEP) Systems For Construction Professionals
- Certificate In Real Estate Finance For Investment & Development (REFID)
- Construction Commissioning

Strategic & Planning
- Advanced Budgeting Workshop
- Analytical & Structured Thinking:Best Practices & Methods
- Analytical Thinking & Evidence Based Decision Making
- Balanced Scorecard Professional Certification Boot Camp
- Building & Presenting A Powerful Business Case
- Business Continuity Management
- Business Intelligence & Data Analysis Workshop
- Certificate In IT Disaster Recovery Planning
- Certificate In Key Performance Indicators (KPIs)
- Certificate In KPI Selection & Management For HR Professionals

Certificate In Strategic Thinking & Planning
- Certificate In Strategy Execution
- Certified Business Analyst
- Certified Crisis Management Professional
- Certified Organization Development Professional
- Competitive Strategies & Value Innovation
- Data Analysis & Reporting Techniques Using Excel
- Developing & Implementing The Business Plan
- Developing Effective Public-Private Partnership (PPPS)
- Effective Budgeting & Cost Control
- EFQM:Internal Assessor
- EFQM:Journey To Excellence (J2E)
- EFQM:Leaders For Excellence (L4E)
- Certificate In leading & Managing Breakthrough Innovation

Technical Courses
- Certified Maintenance Planner
- Advanced Certificate In Process Automation
- Advanced Maintenance Management
- Artificial Lift Systems
- Certificate In Preventative & Predictive Maintenance
- Certified Maintenance Planner
- Corrosion Control In Gas,Oil & Water
- Cost Effective Maintenance
- Design Criteria In Instrumentation Engineering
- Designing & Commissioning Variable Speed Drives
- Effective SS Implementation
- Electrical Equipment & Safety:Operation, Control, Maintenance & Troubleshooting
- Fire Alarm Systems
- Fluid Power Systems:Hydraulics & Pneumatics

Telecommunication
- Gigabit Ethernet
- GSM & GPRS Fundamentals
- Mobile Broadband Transformation Bootcamp
- Next Generation Wireless Networks

Warehouse, Logistics, Supply Chain & Inventory
- A Balanced Approach To Supply Chain Management
- Advanced Planning In Supply Chain Management
- Applying Accounting Tools To Inventory
- Best Practices In Inventory Management
- Best Practices Of Global Logistics & Distribution Planning
- Best Practices Of Supply Chain Management
- Contemporary Logistics Certification Program
- Creating Value Along Supply Chain & The Process Management
- Distribution Logistics
- Engineering The Warehouse
- Lean Distribution
- Logistics & Supply Chain Management
- Logistics Management & Strategy
- Managing Project Supply Chain
- Enterprise Supply Chain Management
- Excellence In Warehouse Management
- Fashion Retail Supply Chain Best Practices
- Fundamentals Of Food Supply Chain Management & Logistics
- Global Supply Chain Management Skills
- Green Logistics
- Improving Efficiency & Minimizing Costs In The Modern Warehouse
- Integral Warehouse Management
- Intermodal Freight Transport
- Introduction To Air Freight & The Global Supply Chain
- Inventory Management & Purchasing Skills
- Management Skills For Warehouse Supervisors
- Managing & Overcoming Supply Chains In Times Of Crisis
- Managing Channels To Markets Through Distribution Channels
Women Only Courses
- Administration & Office Management for Female Professionals
- Women Leadership: Impact Through Self Awareness
- Communication & Presentation Skills for Female Professionals

Best Seller Courses
- Anti Money Laundering
- Certified Risk Analyst (CRA)
- IT Auditing & IT Fraud Detection
- Accounting for Non-Accountants
- Finance for Non-Finance Professionals - ILM Endorsed
- Certified Crisis Management Professional
- Job Hazard Analysis
- Advanced Career Development & Succession Planning
- Data Mining & Business Intelligence
- Cost Effective Maintenance
- Actionable Selling Skills: Tools & Techniques
- Certified Six Sigma Yellow Belt
- Lean Thinking: A Strategy for Operational Excellence
- Effective 5S Implementation
- Finance & Business Intelligence for HR Professional
- High Impact Team Building - ILM Endorsed
- Learning Through Adaptability
- Mastering the Art of Office Administration - ILM Endorsed
- The Strategic Marketing Plan

Halal
- Halal Awareness Program
- Halal Auditor Training
- Halal Logistics Awareness
- Halal Compliance for Warehouse
- Halal Awareness for Food Manufacturers

F&B and Hospitality
- Five Star Service for Frontliners

MAWA EVENTS
IN-HOUSE TRAINING

1. Aeronatics and Aviation
   - Advanced Aircraft Reliability Improvement and Maintenance Cost Optimization
   - Aeronautical Reliability Maintenance Planning and Cost Optimization
   - Aeronautical Power Engine Overhaul and Services Agreements
   - Aging Aircraft Maintenance Management and Issues
   - Aircraft Reliability Monitoring and Maintenance Cost

2. Auditing and Governance, Risk & Compliance
   - Fraud Prevention
   - Internal Procurement Audit and Supply Chain Management MAWA Events Sdn Bhd
   - International Register of Certified Auditors (IRCA) - Courses
   - Report Writing for Quality Audit
   - Supplier Capability and Performance Audit

3. Construction and Civil Engineering Training
   - Advance Technology of Pipeline Design, Construction and Mechanical Integrity
   - Construction Claims Management and Dispute Resolution
   - Managing Project Delays and Inefficiencies in Construction
   - OSHA Standard in Construction Industry
   - Project Management, Construction and Contract Management

4. Data Management and Business Intelligence
   - Data Analysis and Modeling Techniques
   - Data Management, Manipulation and Analysis Using Excel
   - Data Mining and Analysis
   - The Complete Course on Data Science and Big Data Analytics

5. Facilities Management Training
   - Commercial and Industrial Facility Security Management
   - Modern Strategies and Managing Facilities Management
   - Property and Facilities Management Masterclass

6. Finance Accounting and Budgeting
   - Capital Requirements and Regulations and Directives - Base II and III
   - Business Finance for Non-Finance Executives and Manager
   - Finance for Non-Finance Executives and Manager
   - Strategic Key Account Management
   - Budget Estimating and Cost Control
   - Effective Fraud Prevention & Investigation
   - Control & Self Risk Assessment
   - Effective Cash Flow Management
   - Effective Strategic Planning Forecasting
   - Better Budgeting & Reporting

7. Health, Safety and Securities
   - Process Management
   - 30 Hours General Industry Outreach Training Program
   - ISO 9001: 2015 IRCA / IEMA Certified Environmental Management System (IEEMA)
   - Leadership for Safety Excellence
   - PECB Certified ISO 39001 - Implementation in Road Safety and Traffic Management
   - Information Security Management
   - Information Security Management System (ISMS) Based On ISO/IEC 27001
   - PECB Certified Cyber Security Manager
   - Process Hazard Identification and Analysis

8. Human Resources Management
   - Organizational Development and Strategic Enhancement Masterclass
   - Designing and Implementing Competency Frameworks and Assessment Tools
   - Advance HR Strategic Business Partner-Strategic, Execution
   - Advance HR Strategic Business Strategy
   - HR Metrics and Analytics
   - HR Payroll Management
   - HR Practices for Progressive Organisation
