TRAINING FOR FIRE FIGHTING TRAINING (ADV)

""Advancing Firefighting Competence Through Tactical, Technical, and Team-based Mastery""

Schedule

Date	Venue	Fees (Face-to-Face)
27 – 29 Jan 2026	Doha, Qatar	USD 2495 per delegate

Introduction

Advanced firefighting training is essential for professionals responsible for managing fire incidents, leading teams under pressure, and deploying advanced tactics in high-risk environments. This course delivers the knowledge and hands-on skills needed to elevate firefighting performance and ensure strategic leadership in emergencies. Through three intensive days of live drills, tactical exercises, and scenario-based problem solving, participants will sharpen their ability to control, extinguish, and lead in fire-related incidents across industrial and structural settings.

Objectives

By the end of this course, participants will be able to:

- Execute advanced firefighting strategies under dynamic conditions.
- Manage team deployment, communications, and command structures.
- Assess and respond to complex fire environments using risk-based tactics.
- Operate advanced firefighting equipment and suppression systems.
- Coordinate ventilation, entry, and evacuation procedures.
- Lead incident command and control functions during fire emergencies.

MAWA EVENTS

Why Attend

- Strengthen your tactical and leadership capabilities in firefighting.
- Learn to evaluate risks and make time-sensitive decisions under fire pressure.
- Gain hands-on experience through structured simulation and field exercises.
- Align with global fire safety and firefighting standards.
- Build confidence and team coordination in high-stakes operations.

Target Audience

This program is designed for:

- Professional firefighters and fire team leaders
- HSE personnel in industrial or critical environments
- Emergency response and rescue personnel
- Security and facility supervisors with fire response roles
- Military and defense firefighting units.

Individual Benefits

Key competencies that will be developed include:

- Advanced operational firefighting skills
- Emergency leadership and communication
- Tactical decision-making under stress
- Use of suppression systems and firefighting tools
- Emergency planning and fire control command

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Increased fire readiness and incident control capability
- Reduced response time and improved tactical coordination
- Compliance with national and international firefighting standards
- Enhanced safety outcomes and response planning
- Improved training capacity for internal firefighting teams

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Tactical Lectures – Fire dynamics, risk, and strategy
- Simulation Drills – Live fire suppression scenarios
- Field Exercises – Team coordination under realistic conditions
- Hands-on Equipment Training – Pumps, SCBA, foam, and extinguishers
- Group Debriefs – Post-incident analysis and lessons learned
- Instructor Feedback – Real-time technical coaching

Course Outline

COURSE OUTINE

Detailed 3-Day Course Outline

Training Hours: 7:30 AM – 3:30 PM Daily Format: 2–3 Learning Modules | Coffee breaks: 09:30 & 11:15 | Lunch Buffet: 01:00 – 02:00

Day 1: Tactical Foundations & Fire Behavior

- **Module 1: Fire Dynamics & Incident Risk (07:30 – 09:30)**
- Flashover, backdraft, and structural fire behavior
- **Module 2: Suppression Systems & Equipment (09:45 – 11:15)**
- Fire pumps, foam systems, extinguishers
- **Module 3: Firefighting PPE and SCBA Use (11:30 – 01:00)**
- Donning, checks, and operating in full gear
- **Module 4: Field Drill 1 – Live Suppression Simulation (02:00 – 03:30)**
- Team hose line coordination and entry

Day 2: Team Leadership & Fire Ground Operations

- **Module 5: Command, Communication & Crew Roles (07:30 – 09:30)**
- Incident command system and team assignment
- **Module 6: Entry Techniques and Fire Ground Navigation (09:45 – 11:15)**
- Forcible entry and interior operations
- **Module 7: Ventilation & Fire Spread Control (11:30 – 01:00)**
- Vertical and horizontal ventilation planning
- **Module 8: Field Drill 2 – Simulated Structure Fire (02:00 – 03:30)**
- Coordinated entry, suppression, and ventilation

Day 3: Advanced Scenarios & Incident Leadership

- **Module 9: Search, Rescue & Evacuation (07:30 – 09:30)**
- Techniques for locating victims and leading teams
- **Module 10: Fireground Problem-Solving & Decision Making (09:45 – 11:15)**
- Real-time scenario management
- **Module 11: Live Drill – Multi-Team Tactical Simulation (11:30 – 01:00)**
- Full-shift coordination and fire control
- **Module 12: Course Review, Debrief & Certification (02:00 – 03:30)**
- Lessons learned, participant reflections, and instructor feedback

Certification

Participants who complete the program will receive a Certificate of Completion in **Fire Fighting Training (Advanced)** , recognizing their tactical mastery and readiness for leading roles in emergency fire response and suppression.

Why Choose MAWA Events

- **Global Expertise:** More than 17 years of experience in professional training and consulting.
- **Industry-Leading Faculty:** Courses delivered by seasoned professionals with hands-on experience.
- **Practical Insights:** Learn to turn theory into actionable strategies for real-world business impact.
- **Client-Focused Solutions:** Customized programs designed to achieve your organisation’s unique goals.
