MICROSOFT AZURE FUNDAMENTALS (AZ-900)

"Build Your Cloud Foundation with Microsoft Azure"

Schedule

Date	Venue	Fees (Face-to-Face)
10 – 11 May 2026	Riyadh, KSA	USD 1995 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Cloud computing has become a cornerstone of modern IT infrastructure, and Microsoft Azure stands as one of the leading cloud platforms worldwide. This course provides participants with a foundational understanding of Azure services, cloud concepts, and core solutions, enabling individuals to confidently navigate Azure environments. Through this training, attendees will gain a solid grounding in cloud technologies, preparing them for future Azure certifications and practical implementation in their organizations.

The course is designed to combine conceptual knowledge with hands-on exposure to the Azure platform. Participants will explore cloud concepts, Azure services, pricing, and support models, while also learning best practices for security, governance, and compliance within cloud environments.

Objectives

By the end of this course, participants will be able to:

- Understand cloud computing concepts and the value of Azure services.
- Navigate the Azure portal and use core Azure services.
- Understand basic Azure pricing, support plans, and service-level agreements.
- Explore cloud security, compliance, privacy, and trust principles.
- Build a foundation for further Microsoft Azure certification pathways.

Why Attend

Participants should attend this course to:

- Gain a solid understanding of Microsoft Azure fundamentals.
- Acquire practical knowledge for cloud adoption and implementation.
- Build a foundation for advanced Azure certifications.
- Learn to optimize Azure resources efficiently.
- Enhance career opportunities in cloud computing and IT infrastructure.

Target Audience

This program is designed for:

- IT professionals and system administrators starting with cloud technologies
- Developers seeking a basic understanding of Azure
- Business and technical decision-makers exploring cloud adoption
- Students and professionals preparing for Microsoft Azure certifications

Individual Benefits

Key competencies that will be developed include:

- Basic understanding of Azure services and architecture
- Ability to navigate and operate in the Azure portal
- Knowledge of cloud security, governance, and compliance principles
- Awareness of Azure pricing models and service-level agreements
- Preparation for the AZ-900 Microsoft Azure Fundamentals certification exam

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved understanding of cloud computing adoption within their organization
- Ability to make informed decisions regarding Azure deployment and usage
- Enhanced IT infrastructure planning and cloud resource optimization
- Contribution to organizational digital transformation and modernization initiatives

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings – Overview of cloud computing, Azure services, and fundamentals
- Case Studies – Real-world examples of cloud adoption and Azure implementation
- Workshops – Hands-on exercises using the Azure portal and core services
- Peer Exchange – Group discussions on cloud challenges and solutions
- Tools – Templates and resources for Azure deployments, cost management, and governance

Course Outline

Detailed 2-Day Course Outline

Training Hours: 7:30 AM – 3:30 PM Daily Format: 3–4 Learning Modules | Coffee breaks: 09:30 & 11:15 | Lunch Buffet: 01:00 – 02:00

Day 1: Introduction to Cloud Computing and Microsoft Azure

Module 1: Cloud Concepts (07:30 – 09:30)

- Overview of cloud computing and deployment models
- Benefits and key principles of cloud services
- Public, private, and hybrid cloud comparison

Module 2: Core Azure Services (09:45 – 11:15)

- Introduction to Azure services: compute, storage, networking, and databases
- Overview of Azure regions and availability zones

Module 3: Security, Compliance, and Governance (11:30 – 01:00)

- Azure security and identity management
- Compliance, privacy, and governance basics

Day 2: Managing Azure Resources and Preparing for AZ-900

Module 4: Azure Pricing and Support (07:30 – 09:30)

- Understanding Azure subscriptions, pricing models, and cost management
- Support plans and service-level agreements

Module 5: Hands-on Azure Portal Practice (09:45 – 11:15)

- Navigating the Azure portal
- Deploying and managing core Azure services

Module 6: Exam Preparation and Best Practices (11:30 – 01:00)

- Key AZ-900 exam topics
- Tips and resources for successful certification

Certification

Participants will receive a Certificate of Completion in Microsoft Azure Fundamentals (AZ-900), validating their foundational knowledge of cloud computing, Microsoft Azure services, and their ability to apply these skills in real-world scenarios.

Why Choose MAWA Events

- **Global Expertise:** More than 17 years of experience in professional training and consulting.
- **Industry-Leading Faculty:** Courses delivered by seasoned professionals with hands-on experience.
- **Practical Insights:** Learn to turn theory into actionable strategies for real-world business impact.
- **Client-Focused Solutions:** Customized programs designed to achieve your organisation’s unique goals.
