ABMS INTERNAL AND EXTERNAL AUDITING PROGRAM (ABMS-AUDIT)

"Develop the skills to perform effective internal and external audits under ABMS standards"

Schedule

Date	Venue	Fees (Online Training)
16 – 17 Dec 2026	Online	USD 700 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Auditing is a core component of any management system, ensuring compliance, continuous improvement, and operational excellence. This 2-day online training equips participants with the skills and knowledge to conduct both internal and external audits under ABMS (Asset & Business Management Systems) standards effectively.

The course combines theoretical learning, case studies, and practical exercises to enable participants to plan, execute, and report audits confidently. By the end of the training, participants will be able to identify gaps, recommend improvements, and enhance the overall effectiveness of management systems.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and standards of ABMS auditing.
- Plan, conduct, and report internal and external audits.
- Identify non-conformities and recommend corrective actions.
- Enhance organizational compliance and continuous improvement initiatives.
- Apply auditing best practices in real-world scenarios.

Why Attend

- Gain expertise in ABMS internal and external auditing processes.
- Learn to identify gaps and recommend actionable improvements.
- Improve organizational compliance and management system performance.
- Develop practical auditing skills applicable across industries.
- Network with professionals involved in ABMS and audit processes.

Target Audience

This program is designed for:

- Internal auditors and compliance officers.
- Quality and management system professionals.
- Risk and governance managers.
- Professionals responsible for monitoring and improving business or asset management systems.

Individual Benefits

Key competencies that will be developed include:

- Mastery of ABMS auditing principles and methodologies.
- Skills in planning, executing, and reporting audits.
- Ability to identify non-conformities and recommend corrective actions.
- Enhanced confidence in conducting internal and external audits.

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved compliance with ABMS standards.
- Enhanced effectiveness of internal and external audits.
- Better identification of gaps, risks, and improvement opportunities.
- Strengthened continuous improvement initiatives within the organization.

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings – Overview of ABMS standards and audit principles.
- Case Studies – Examples of successful audits and lessons learned.
- Workshops – Practical exercises on planning, conducting, and reporting audits.
- Peer Exchange – Group discussions on auditing challenges and solutions.
- Tools – Templates, checklists, and guidelines for effective ABMS audits.
