Introduction

Contracts are the backbone of business transactions, yet many professionals involved in drafting, reviewing, or managing contracts are not legally trained. Poorly written or misunderstood contracts can expose organizations to unnecessary risks, disputes, or losses. This practical course empowers non-lawyers to prepare clear, enforceable contracts while avoiding common pitfalls.

In this 3-day intensive program, participants will learn how to structure contracts, use precise language, identify critical clauses, and assess risks. Real-life examples and interactive exercises ensure practical learning and immediate application in the workplace.

Objectives

By the end of this course, participants will be able to:

- Understand the structure and key elements of commercial contracts
- Draft basic contracts and clauses using clear and effective language
- Identify and interpret common legal terms, obligations, and liabilities
- Evaluate risks, warranties, indemnities, and termination provisions
- Collaborate more effectively with legal teams and contract counterparts

Why Attend

- Gain practical tools for reviewing, drafting, and negotiating contracts
- Avoid misunderstandings and legal disputes through better documentation
- Learn how to recognize red flags and hidden risks in contract terms
- Improve communication with legal departments and external parties
