ISO 9001:2015 IRCA QUALITY MANAGEMENT SYSTEMS (QMS) CERTIFICATION

"Become a Certified ISO 9001:2015 Lead Auditor and Ensure Quality Excellence"

Schedule

Date	Venue	Fees (Face-to-Face)
18 – 22 Oct 2026	Dammam – KSA	USD 3495 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

ISO 9001:2015 is the world's most recognized quality management standard, helping organizations consistently meet customer expectations and improve overall performance. This intensive IRCA-accredited course equips participants with the knowledge and auditing skills required to become a certified QMS Lead Auditor.

Delivered in both English and Arabic, the course offers practical training on auditing principles, ISO 9001:2015 requirements, audit planning, execution, reporting, and follow-up. Participants will gain the competence and confidence to conduct internal and external audits in accordance with ISO 19011 and ISO/IEC 17021-1 standards.

Objectives

By the end of this course, participants will be able to:

- Understand the structure and requirements of ISO 9001:2015
- Interpret QMS clauses in relation to quality performance and risk-based thinking
- Plan, conduct, report, and follow up on audits as per ISO 19011 guidelines
- Assess compliance, effectiveness, and continual improvement of QMS processes
- Perform lead auditor responsibilities and manage audit teams

Why Attend

- Achieve IRCA-recognized QMS Lead Auditor certification
- Gain practical auditing experience through workshops and role-play
- Enhance your organization’s audit readiness and compliance assurance
- Meet the growing demand for certified quality professionals
- Contribute to performance improvement and customer satisfaction

Target Audience

This program is designed for:

- Quality managers, QMS coordinators, and internal auditors
- Professionals preparing to conduct or lead third-party audits
- Management representatives seeking ISO 9001:2015 implementation mastery
- Consultants and engineers responsible for quality performance and compliance

Individual Benefits

Key competencies that will be developed include:

- In-depth knowledge of ISO 9001:2015 structure and intent
- Audit planning, execution, and reporting skills
- Risk-based thinking and process-based auditing
- Objective evidence gathering and interview techniques
- Communication, leadership, and audit team coordination

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved quality control and consistency across business functions
- Compliance with ISO 9001:2015 and customer requirements
- Enhanced audit readiness for certification and surveillance audits
- Greater stakeholder confidence in quality systems
- Reduced quality-related costs and process variation

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings – Overview of ISO 9001:2015 and audit management standards
- Case Studies – Real-world audit situations and findings analysis
- Workshops – Hands-on activities in checklist development, audit planning, and reporting
- Peer Exchange – Group audits, observations, and team feedback
- Tools – Templates for audit plans, nonconformance reports, and process assessments
