► **Available delivery methods:** Face-to-Face & Online Training

Introduction

As global standards evolve, Environmental, Social, and Governance (ESG) reporting has become essential for companies aiming to demonstrate accountability, sustainability, and long-term value creation. This 5-day intensive course in Singapore equips managers and financial reporters with the tools and frameworks needed to understand ESG concepts, integrate them into corporate strategy, and meet stakeholder expectations.

Participants will gain hands-on experience in preparing ESG reports, aligning with international frameworks like GRI, SASB, and TCFD, and understanding the financial impacts of ESG initiatives. This course bridges the gap between sustainability efforts and financial performance.

Objectives

By the end of this course, participants will be able to:

- Understand the key principles and importance of ESG in today's business environment.
- Apply ESG frameworks and standards (e.g., GRI, SASB, TCFD) in financial reporting.
- Analyze the financial implications of ESG strategies on corporate performance.
- Develop ESG strategies aligned with stakeholder expectations and regulatory requirements.
- Produce ESG disclosures that meet investor and market demands.
