

## RISK REVIEW & RISK INSPECTION

*“Mastering Risk Assessment Techniques for Stronger Organizational Resilience”*

### Schedule

Date	Venue	Fees (Face-to-Face)
12 - 14 May 2026	Doha, Qatar	USD 2495 per delegate
11 - 13 Aug 2026	Doha, Qatar	USD 2495 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

### Introduction

This intensive 3-day program equips participants with the tools and techniques needed to effectively conduct risk reviews and inspections across various organizational functions. It provides a structured framework for identifying, assessing, and mitigating risks before they escalate into major issues.

Combining theory with hands-on exercises, this course empowers professionals to strengthen their organization’s risk management systems, ensuring robust compliance, operational resilience, and sustained performance.

### Objectives

By the end of this course, participants will be able to:

- Understand the fundamentals of risk management frameworks and standards
- Conduct structured risk reviews and inspections effectively
- Identify and assess key operational, financial, and compliance risks
- Apply tools for documenting, reporting, and addressing identified risks
- Strengthen organizational resilience through proactive risk management

## Why Attend

- Build essential knowledge in risk management and inspection processes
- Learn practical techniques for conducting effective risk reviews
- Enhance your ability to detect and address risks early
- Gain insights from real-world case studies and expert-led discussions
- Strengthen both personal expertise and organizational risk practices

## Target Audience

This program is designed for:

- Risk managers, officers, and internal auditors
- Compliance and governance professionals
- Operations and quality managers responsible for risk oversight
- Financial controllers and analysts involved in risk assessments
- Anyone responsible for organizational risk reviews or inspections

## Individual Benefits

Key competencies that will be developed include:

- Proficiency in conducting risk reviews and inspections
- Enhanced understanding of risk frameworks and tools
- Stronger analytical and risk assessment skills
- Improved reporting and communication of risk findings
- Increased confidence in managing organizational risks proactively

## Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Strengthened risk management systems and processes
- Improved organizational compliance with regulations and standards
- Enhanced capacity to detect and mitigate operational risks
- Better cross-functional collaboration on risk-related matters
- Greater resilience against emerging threats and uncertainties

## Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings - Deep dive into risk management standards, frameworks, and inspection methods
- Case Studies - Real-world examples of risk events and how organizations handled them
- Workshops - Hands-on exercises conducting risk reviews, checklists, and inspections
- Peer Exchange - Group discussions on common challenges and lessons from risk management
- Tools - Templates for risk assessment, review reports, and inspection plans

## Course Outline

**Training Hours:** 7:30 AM – 3:30 PM **Daily Format:** 3–4 Learning Modules | Coffee breaks: 09:30 & 11:15 | Lunch Buffet: 01:00 – 02:00

### Day 1: Foundations of Risk Management and Review
