DEALING WITH STORAGE OF CONTAINERS & DANGEROUS GOODS ACCORDING TO THE IMDG CODE

"Ensure Compliance, Safety, and Efficiency in the Handling and Storage of Hazardous Cargo under the IMDG Regulations"

Schedule

Date	Venue	Fees (Face-to-Face)
29 – 30 Apr 2026	Dubai – UAE	USD 1995 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

The International Maritime Dangerous Goods (IMDG) Code provides the mandatory framework for safe transportation and storage of hazardous goods by sea. Non-compliance can lead to severe safety risks, financial penalties, and environmental damage. It is essential for logistics, warehouse, and port personnel to be thoroughly trained in the principles and procedures of storing and handling dangerous goods.

This intensive 2-day course delivers practical training on the classification, labeling, storage, and segregation of dangerous goods in accordance with the IMDG Code. Participants will gain the knowledge and tools needed to ensure regulatory compliance, protect personnel, and maintain safe storage environments in container terminals, ports, and inland depots.

Objectives

By the end of this course, participants will be able to:

- Understand the structure, scope, and legal status of the IMDG Code
- Identify and classify dangerous goods and their transport requirements
- Apply correct procedures for packaging, labeling, and documentation
- Plan safe storage and segregation of containers carrying hazardous cargo
- Mitigate risks and respond to incidents involving dangerous goods

MAWA EVENTS

Address: No. 857, Block A2. Leisure Commerce Square - No 9., 46150 Petaling Jaya, Selangor, Malaysia

Phone: +601116373203 | **Email:** info@mawaevents.net

Why Attend

- Gain critical knowledge to ensure safe handling and storage of dangerous cargo
- Prevent accidents and environmental damage caused by mismanagement
- Ensure compliance with global maritime safety standards and regulations
- Reduce liability exposure for your company and improve operational safety
- Learn best practices for emergency preparedness and incident response

Target Audience

This program is designed for:

- Logistics, warehouse, and port operations staff
- Dangerous goods safety advisors (DGSAs)
- Freight forwarders and container terminal personnel
- Shipping line agents, customs, and regulatory staff
- Anyone responsible for hazardous materials handling and storage

Individual Benefits

Key competencies that will be developed include:

- IMDG Code structure, application, and documentation
- Hazard classification, labeling, and segregation principles
- Safe storage techniques for dangerous goods in containers
- Emergency response and spill containment awareness
- Risk identification and regulatory compliance

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved regulatory compliance and reduced penalties
- Enhanced safety procedures for containerized hazardous cargo
- Lower risk of workplace incidents and cargo-related claims
- Increased staff competency and emergency response capability
- Streamlined documentation and inspection readiness

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings – IMDG Code structure, classification, and key principles
- Case Studies – Real-world accidents involving hazardous cargo
- Workshops – Segregation exercises and labeling simulations
- Peer Exchange – Experience sharing on container safety and port protocols
- Tools – Segregation tables, documentation checklists, and risk maps

Course Outline

Training Hours: 7:30 AM – 3:30 PM **Daily Format:** 3–4 Learning Modules | Coffee breaks: 09:30 & 11:15 | Lunch Buffet: 01:00 – 02:00

Day 1: Understanding the IMDG Code and Hazardous Cargo Classification

- Module 1: Overview of the IMDG Code and Legal Framework (07:30 – 09:30) • Code structure, applicability, and responsibilities
- Module 2: Hazard Classification and Identification (09:45 – 11:15) • UN numbers, class divisions, and packaging groups
- Module 3: Workshop – Interpreting the Dangerous Goods List (11:30 – 01:00) • Identify applicable rules for sample shipments
- Module 4: Labeling, Marking, and Documentation (02:00 – 03:30) • Placards, transport documents, and data accuracy

Day 2: Safe Storage, Segregation & Emergency Procedures

- Module 1: Segregation Principles and Container Placement (07:30 – 09:30) • Incompatible goods, stowage codes, and container stacking
- Module 2: Safe Storage in Warehouses and Yards (09:45 – 11:15) • Ventilation, temperature, security, and site layout
- Module 3: Workshop – Segregation Table Application (11:30 – 01:00) • Plan container yard layout based on cargo compatibility
- Module 4: Emergency Preparedness and Spill Response (02:00 – 03:30) • Incident response, reporting, and PPE usage

Certification

Participants will receive a Certificate of Completion in Handling and Storage of Dangerous Goods According to the IMDG Code, validating their competency in the safe storage, segregation, and documentation of hazardous cargo in compliance with international maritime standards.

Why Choose MAWA Events

- **Global Expertise:** More than 17 years of experience in professional training and consulting.
- **Industry-Leading Faculty:** Courses delivered by seasoned professionals with hands-on experience.
- **Practical Insights:** Learn to turn theory into actionable strategies for real-world business impact.
- **Client-Focused Solutions:** Customized programs designed to achieve your organisation’s unique goals.
