# SOCIAL RESPONSIBILITY PROGRAMS (SRP) BASED ON ISO 26000 – LEAD AUDITOR

*""Auditing and Advancing Organizational Social Responsibility in Line with Global Standards""*

## Schedule

| Date | Venue | Fees (Face-to-Face) |
|---|---|---|
| 19 – 23 Apr 2026 | Manama, Bahrain | USD 3495 per delegate |

## Introduction

In an era of increased social scrutiny and stakeholder expectations, organizations must demonstrate accountability not just in profits—but in people, planet, and ethical practices. ISO 26000 offers guidance on implementing Social Responsibility Programs (SRP) that align business strategies with sustainable development goals and stakeholder engagement.

This 5-day Lead Auditor course is designed to provide professionals with the competencies to audit and evaluate SRPs based on ISO 26000. Participants will learn how to assess programs across key social responsibility domains including human rights, labor practices, environmental stewardship, fair operating practices, and community involvement.

## Objectives

By the end of this course, participants will be able to:

- Understand ISO 26000 principles, core subjects, and practices
- Evaluate an organization's alignment with social responsibility standards
- Plan and conduct ISO 26000-based audits
- Identify risks, non-conformities, and improvement areas in SRPs
- Report findings and recommend actionable improvements to enhance social impact

## Why Attend

Gain formal skills to assess social responsibility programs across industries

- Learn global best practices for responsible governance and stakeholder relations
- Position your organization as a leader in ethical, inclusive, and sustainable practices
- Prepare for external sustainability audits and ESG reporting
- Enhance your professional credentials with Lead Auditor recognition

## Target Audience

This program is designed for:

- Sustainability, CSR, ESG, and governance professionals
- Internal and external auditors focused on non-financial reporting
- Risk and compliance managers
- HR, community engagement, and ethics officers
- Consultants supporting ISO or sustainability initiatives

## Individual Benefits

Key competencies that will be developed include:

- Audit planning and execution in alignment with ISO 26000
- Stakeholder engagement and impact evaluation
- Ethical governance and anti-corruption assessments
- Human rights, diversity, and sustainability performance auditing
- Communication of social responsibility findings and KPIs

## Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Stronger accountability and ethical oversight in social initiatives
- Readiness for sustainability and ESG-related audits and disclosures
- Enhanced stakeholder trust through transparent SRP assessments
- Integration of ISO 26000 principles into business strategy and reporting
- Support for sustainable development goals (SDGs) and responsible supply chains

## Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings – ISO 26000 structure, SRP design, and audit guidance
- Case Studies – Social impact programs and stakeholder failures/successes
- Workshops – Audit planning, stakeholder mapping, and reporting exercises
- Peer Exchange – Cross-industry dialogue on social responsibility challenges
- Tools – Audit templates, impact metrics, non-conformity logs, and checklists
