

## CORPORATE RISK MANAGEMENT (CONVENTIONAL / SHARIAH)

*“Balancing Enterprise Risk Exposure with Shariah-Compliant Strategies for Sustainable Growth”*

### Schedule

Date	Venue	Fees (Online)
29 - 30 Apr 2026	Online	USD 700 per delegate

### Introduction

Effective risk management is critical for long-term corporate sustainability, particularly in today’s complex and volatile business environment. Organizations must identify, assess, and mitigate risks while aligning their strategies with governance frameworks—both conventional and Shariah-based.

This two-day online course explores the fundamentals of corporate risk management, comparing conventional methodologies with Shariah-compliant risk practices. Participants will gain practical insights into risk governance structures, regulatory expectations, and strategies to integrate risk frameworks that support both performance and ethical standards.

### Objectives

By the end of this course, participants will be able to:

- Understand the principles of enterprise risk management (ERM) and risk categories
- Identify and evaluate corporate risks under both conventional and Shariah contexts
- Design risk control and mitigation strategies
- Align risk practices with corporate governance and compliance frameworks
- Support ethical, transparent, and faith-based decision-making

## Why Attend

- Learn to balance financial, operational, reputational, and compliance risks
- Understand Shariah principles in the context of modern risk management
- Strengthen internal risk frameworks to enhance stakeholder trust
- Prepare for board-level risk discussions and audit engagements
- Enhance alignment with regulatory, ESG, and faith-based performance standards

## Target Audience

This program is designed for:

- Risk managers and compliance officers
