LEADERSHIP FOR SAFETY EXCELLENCE

"Empowering Leaders to Drive a Culture of Safety, Accountability, and Operational Excellence"

Schedule

Venue (InHouse)	Fees
At Your Organization Premises	Ask For The Quotation

► **Available delivery methods:** In-House Training

Introduction

Leadership for Safety Excellence is designed for operational leaders, frontline supervisors, and safety professionals who influence safety culture and performance. This course focuses on equipping leaders with the mindset, skills, and strategies required to lead by example, communicate safety effectively, and drive behavioral change throughout their organization. Through practical tools, real-world scenarios, and interactive workshops, participants will learn how to integrate safety leadership into daily operations and long-term planning.

Objectives

By the end of this course, participants will be able to:

- Understand the role of leadership in building a positive safety culture
- Communicate safety values clearly and persuasively at all organizational levels
- Identify and correct unsafe behaviors and conditions proactively
- Motivate employees to take ownership of their personal and team safety
- Use coaching, feedback, and recognition to reinforce safe work practices
- Manage safety performance using measurable indicators
