

LICENCE TO OPERATE A BOOMTYPE ELEVATING WORK PLATFORM

“Achieve National Competency to Safely Operate Boom Lifts Over 11 Metres”

Schedule

Venue (InHouse)	Fees
At Your Organization Premises	Ask For The Quotation

► **Available delivery methods:** In-House Training

Introduction

This nationally recognized training course is designed to provide participants with the skills, knowledge, and accreditation required to operate a boom-type elevating work platform (EWP) with a boom length of 11 meters or more. Participants will be trained in accordance with high-risk work licensing requirements and relevant WHS/OHS standards to ensure they can safely and competently operate EWPs across various industries such as construction, mining, maintenance, and infrastructure.

Objectives

Participants will:

- Understand legislative and licensing requirements for EWP operation
- Learn how to conduct risk assessments and safety checks
- Gain the ability to plan and prepare for lift operations
- Acquire hands-on competency in operating boom-type EWPs
- Learn how to safely shut down and secure equipment after use

Why Attend

- Required for anyone operating EWPs over 11 metres in height
- Gain a nationally recognized Statement of Attainment and HRW license
- Improve job site safety, compliance, and operational capability

Target Audience

This course is suitable for:

- Construction and maintenance workers
- Electricians and infrastructure workers
- Oil & gas and mining personnel
- Any person required to operate a boom-type EWP as part of their job

Individual Benefits

- Meet mandatory licensing requirements for EWP operation
- Enhance career opportunities across multiple industries
- Learn industry best practices and hazard awareness

Organizational Benefits

- Ensure compliance with WHS/OHS legislation
- Reduce incidents and improve site safety
- Equip staff with competent and licensed operators

Instructional Methodology

- Classroom instruction covering theory and regulations
- Practical demonstrations and supervised hands-on training
- Safety briefings and operational risk assessment exercises
- Written and practical assessments by accredited trainers

Course Outline

DETAILED 5-DAY COURSE OUTLINE (CUSTOMIZABLE)

Training Hours: 7:30 AM – 3:30 PM **Daily Format:** 3–4 Learning Modules | Coffee Breaks: 09:30 & 11:15 | Lunch Buffet: 01:00 – 02:00

Day 1: Introduction to EWP Operations

- Module 1: Overview of EWP Types and Legislative Requirements (07:30 – 09:30)
- Module 2: Understanding Boom-Type EWPs and Licensing (09:45 – 11:15)
- Module 3: WHS Responsibilities and Operator Duties (11:30 – 01:00)
- Module 4: Risk Assessment Workshop – Identifying Hazards (02:00 – 03:30)

Day 2: Planning and Preparing for Operation

- Module 1: Site Inspection, Environmental Considerations (07:30 – 09:30)
- Module 2: Interpreting Work Orders, Site Drawings & Procedures (09:45 – 11:15)
- Module 3: Selecting PPE and Safety Controls (11:30 – 01:00)
- Module 4: Workshop – Creating a Job Safety Analysis (02:00 – 03:30)

Day 3: Equipment Checks & Practical Familiarization

- Module 1: Pre-Start Inspection Procedures and Logs (07:30 – 09:30)
- Module 2: Identifying Faults and Taking Corrective Action (09:45 – 11:15)
- Module 3: Controls, Stability, Load Limits & Emergency Descent (11:30 – 01:00)
- Module 4: Practical Session – Simulator or On-Field Familiarization (02:00 – 03:30)

Day 4: Practical Operation of Boom-Type EWP

- Module 1: Setting Up, Stabilizing, and Operating (07:30 – 09:30)
- Module 2: Lifting, Maneuvering, and Positioning Loads (09:45 – 11:15)
- Module 3: Emergency Procedures & Rescue Plans (11:30 – 01:00)
- Module 4: Live Practice – Work at Height Scenarios (02:00 – 03:30)

Day 5: Assessment and Licensing

- Module 1: Review of Key Concepts & Safety Briefing (07:30 – 09:30)
- Module 2: Written Assessment – Legislative & Operational Knowledge (09:45 – 11:15)
- Module 3: Practical Assessment – Equipment Inspection & Operation (11:30 – 01:00)
- Module 4: Licensing Paperwork & Wrap-Up (02:00 – 03:30)

Certification

Participants who successfully complete the course and assessment will receive:

- Statement of Attainment for TLILIC0005 – Licence to Operate a Boom-Type Elevating Work Platform (Boom length 11 metres or more)
- Application Support for High-Risk Work Licence (HRWL – WP class) from the relevant state/territory regulator

Why Choose MAWA Events

- **Global Expertise:** More than 17 years of experience in professional training and consulting.
- **Industry-Leading Faculty:** Courses delivered by seasoned professionals with hands-on experience.
- **Practical Insights:** Learn to turn theory into actionable strategies for real-world business impact.
- **Client-Focused Solutions:** Customized programs designed to achieve your organisation's unique goals.
