Introduction

This foundational course provides essential knowledge and practical skills in the correct selection and safe use of fire extinguishers in the workplace. Focused on small, incipient fires, the course aligns with WHS obligations and empowers staff to act decisively without putting themselves or others at risk. It includes hands-on experience with real or simulated fire extinguishers under expert supervision.

Objectives

By the end of this course, participants will be able to:

- Understand the basic principles of fire behavior and spread
- Identify types of fires and suitable extinguishers (Class A, B, C, D, E, F)
- Use the PASS technique (Pull, Aim, Squeeze, Sweep) confidently
- Assess when it is safe to extinguish a fire and when to evacuate
- Follow WHS fire emergency procedures and reporting protocols
