GDPR – DATA PROTECTION & PRIVACY

"Master Compliance and Build Trust in the Age of Digital Privacy"

Schedule

Venue	Fees
In-House	ASK FOR THE QUOTATION

► **Available delivery methods:** In-House Training

Introduction

This comprehensive course provides professionals with a strong foundation in the General Data Protection Regulation (GDPR) and broader data privacy principles. Participants will gain the knowledge and practical skills needed to implement, manage, and audit GDPR compliance programs, ensuring lawful data processing, transparency, accountability, and data subject rights in both EU-based and international operations.

Objectives

By the end of this course, participants will be able to:

- Understand the legal, regulatory, and operational foundations of GDPR
- Identify roles and responsibilities of controllers, processors, and DPOs
- Implement lawful data processing strategies and consent management
- Design and apply data protection impact assessments (DPIAs)
- Manage data breaches, subject access requests, and compliance audits

Why Attend

With increasing legal penalties, reputational risks, and public expectations, organizations must proactively comply with data protection laws. This course empowers professionals to take the lead in designing secure, ethical, and compliant data ecosystems.

Target Audience

- Data Protection Officers (DPOs)
- Legal & Compliance Officers
- IT Managers & Cybersecurity Teams
- Risk, Audit, and Governance Professionals
- HR, Marketing, and Operations Managers handling personal data

Individual Benefits

- Gain international recognition in GDPR and data privacy compliance
- Reduce personal liability through strong understanding of legal frameworks
- Improve your strategic value in regulatory, tech, or consumer-facing roles
- Develop practical skills for audits, breach response, and data governance

Organizational Benefits

- Reduce compliance risk and avoid legal penalties
- Build trust with customers, regulators, and partners
- Improve data handling transparency and ethical governance
- Enable secure cross-border data transfers and business continuity

Instructional Methodology

- Case studies from major data breaches and enforcement actions
- Hands-on GDPR compliance exercises and DPIA simulations
- Quizzes, role-play scenarios, and team planning challenges
- Customizable policy templates and audit checklists provided
