

DIGITAL TRANSFORMATION IN INTERNATIONAL RELATIONS

“Leverage Digital Power to Shape Global Diplomacy, Policy, and Strategic Influence.”

Schedule

Venue	Fees
In-House	ASK FOR THE QUOTATION

Introduction

The **Digital Transformation in International Relations** course explores how digital technologies are reshaping diplomacy, global governance, and international cooperation. Participants will gain insights into cyber diplomacy, digital sovereignty, data governance, artificial intelligence in policy-making, and how states and global institutions engage in a rapidly digitizing world. This course combines theory and practice to prepare professionals to navigate emerging challenges and harness opportunities in international digital affairs.

Objectives

By the end of this training, participants will be able to:

- Understand the impact of digitalization on diplomacy and global affairs
- Examine the role of technology in international cooperation and conflict
- Analyze key issues like cybersecurity, misinformation, and data privacy
- Explore digital tools for negotiation, policy development, and influence
- Develop strategies for digital engagement in foreign affairs

Why Attend

This course equips diplomats, analysts, and policymakers with the tools to understand and participate effectively in the digital dimension of international relations. Participants will learn how to shape digital agendas, respond to global tech disruptions, and build cyber-informed strategies.

Target Audience

- Diplomats, Government Advisors, and Foreign Service Officers
- Policy Analysts and International Affairs Professionals
- Researchers, Academics, and Students of Political Science
- Professionals from Multilateral Organizations (e.g., UN, EU, AU)
- Cybersecurity, Tech Policy, and Regulatory Officials

Individual Benefits

- Build knowledge of digital diplomacy, cyber norms, and global digital governance
- Gain practical tools for engaging in multilateral tech negotiations
- Enhance career prospects in international policy and technology governance
- Strengthen critical thinking around digital ethics and geopolitics

Organizational Benefits

- Increase institutional readiness for tech-driven diplomacy
- Develop capabilities to influence international digital policy frameworks
- Build global partnerships using digital platforms and data tools
- Reduce risks associated with cyber threats and digital misinformation

Instructional Methodology

- Interactive lectures and case-based analysis
- Group discussions and role-playing simulations
- Expert guest lectures from international diplomats and tech leaders
- Practical exercises using digital policy platforms and mapping tools

Course Outline

DETAILED 5-DAY COURSE OUTLINE (CUSTOMIZABLE)
