► **Available delivery methods:** Face-to-Face & Online Training, In-House Training

Introduction

Agile Project Management (Agile PM) emphasizes collaboration, flexibility, continuous improvement, and high-quality results. This 5-day course equips professionals with a comprehensive understanding of Agile principles, frameworks (Scrum, Kanban, Lean, XP), and project delivery strategies. Through interactive sessions, practical simulations, and real-world case studies, participants will learn how to lead Agile teams, manage stakeholder expectations, and continuously deliver customer value.

Objectives

By the end of this course, participants will be able to:

- Understand the Agile Manifesto and key principles of Agile project delivery
- Apply Agile frameworks including Scrum, Kanban, and Lean
- Manage project scope, time, and quality in an Agile environment
- Lead Agile teams and facilitate Agile ceremonies
- Measure progress through Agile metrics like burndown charts and velocity
- Foster continuous improvement through retrospectives and feedback loops

Why Attend

If you're involved in dynamic projects requiring flexibility and customer responsiveness, this course helps you transition from traditional to Agile approaches, ensuring adaptability, transparency, and better project outcomes.

Target Audience

- Project Managers and Coordinators
- Scrum Masters and Product Owners
- Agile Coaches and Team Leads
- IT Professionals, Developers, and QA Analysts
- Business Analysts and Change Agents

Individual Benefits

- Master Agile frameworks and methodologies
- Boost your leadership and facilitation skills
- Improve responsiveness to changing requirements
- Prepare for Agile certifications (PMI-ACP®, PSM, SAFe®, etc.)

Organizational Benefits

- Deliver projects faster with improved quality
- Increase customer satisfaction and value delivery
- Reduce project risk through iterative feedback
- Foster cross-functional collaboration and team ownership

Instructional Methodology

- Practical exercises and Agile simulations
- Interactive lectures and group discussions
- Real-world case studies and Agile games
- Agile project board activities
- Sample exam questions and certification prep

Course Outline

DETAILED 5-DAY COURSE OUTLINE (CUSTOMIZABLE)

Training Hours: 7:30 AM – 3:30 PM **Daily Format:** 3–4 Learning Modules | Coffee Breaks: 09:30 & 11:15 | Lunch Buffet: 01:00 – 02:00

Day 1: Introduction to Agile & Agile Mindset

- Module 1: History of Agile and the Agile Manifesto (07:30 – 09:30)
- Module 2: Agile Values, Principles & Culture Shift (09:45 – 11:15)
