Introduction

Meetings are a vital part of organizational communication and decision-making — yet many organizations struggle with unproductive or time-wasting meetings that yield little value. Effective Meeting Management is an essential leadership and communication skill that ensures meetings are focused, efficient, and outcome-driven.

This course provides practical techniques to plan, conduct, and follow up on meetings that engage participants, encourage collaboration, and produce actionable results. It helps professionals structure meetings for clarity, set clear objectives, manage time effectively, and handle challenging participants or discussions with confidence.

Through interactive exercises, role-plays, and real-world scenarios, participants will learn how to transform meetings from routine formalities into powerful tools for alignment, innovation, and performance improvement.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and purpose of effective meetings.
- Plan and organize meetings with clear objectives and outcomes.
- Develop and circulate productive meeting agendas.
- Use facilitation techniques to guide discussion and decision-making.
- Manage time, participants, and conflict during meetings.
- Record and distribute minutes and follow-up actions efficiently.
- Evaluate meeting effectiveness and continuous improvement strategies.
- Apply best practices for virtual and hybrid meetings.

Why Attend

Poorly managed meetings waste valuable time and resources. This course empowers professionals to lead meetings that inspire participation, foster collaboration, and achieve results.
