Introduction

The CIMA Diploma in Performance Management (P1) equips finance and accounting professionals with the skills necessary to plan, control, and evaluate business performance effectively. This course focuses on the practical application of management accounting techniques, enabling participants to support strategic decision-making and drive organizational efficiency.

Participants will gain expertise in budgeting, costing, performance measurement, and variance analysis, providing the knowledge to manage resources efficiently, optimize processes, and enhance profitability. The program is aligned with the CIMA syllabus, ensuring global recognition and relevance.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and concepts of management accounting.
- Apply budgeting and forecasting techniques to manage business performance.
- Conduct variance and performance analysis to improve efficiency.
- Implement costing methods including absorption, marginal, and activity-based costing.
- Evaluate financial and non-financial performance indicators.
- Support strategic decision-making through management accounting insights.
- Apply ethical considerations and professional judgment in performance management.

Why Attend

Effective management accounting is critical for achieving operational efficiency and strategic objectives. This course provides practical knowledge and tools to translate financial data into actionable insights, enhancing both personal competence and organizational effectiveness.

By attending, participants gain globally recognized skills aligned with the CIMA P1 syllabus, increasing employability and professional credibility in finance and management accounting roles.

Target Audience

This course is ideal for:

- Management Accountants and Finance Professionals
- Accounts Managers and Controllers
- Business Analysts and Strategic Planners
- Aspiring CIMA P1 candidates
- Professionals seeking to enhance budgeting, costing, and performance management skills

Individual Benefits

- Gain practical expertise in management accounting techniques.
- Improve efficiency in budgeting, costing, and performance evaluation.
- Strengthen analytical and decision-making skills.
- Increase employability and career advancement opportunities.
- Build confidence in applying management accounting concepts in real-world scenarios.

Organizational Benefits

- Better resource allocation and cost control.
- Improved business performance monitoring and reporting.
- Enhanced strategic decision-making through accurate performance insights.
- Strengthened internal financial processes and accountability.
- Support for sustainable profitability and operational excellence.

Instructional Methodology

- Instructor-led interactive sessions aligned with CIMA P1 syllabus
- Real-world case studies and practical exercises
- Group discussions and performance analysis workshops
- Mock assessments and exam-oriented problem solving
- Continuous feedback and guidance for professional growth
