### Introduction

The Mini MBA – Accounting and Finance program provides a comprehensive foundation in accounting principles, financial management, and strategic business decision-making. Designed for managers and professionals, this course bridges the gap between financial theory and practical business application.

Through interactive sessions, case studies, and hands-on exercises, participants will learn how to analyze financial statements, implement budgeting and forecasting, manage cash flow, and use financial insights to support organizational strategy.

### Objectives

By the end of this course, participants will be able to:

- Understand core accounting and finance concepts in a business context.
- Interpret and analyze financial statements for strategic decision-making.
- Apply budgeting, forecasting, and variance analysis techniques effectively.
- Utilize financial ratios and KPIs to assess organizational performance.
- Implement internal controls and ensure financial compliance.
- Integrate financial insights into business strategy and operational decisions.
- Communicate financial information clearly to stakeholders.

## Why Attend

A solid understanding of accounting and finance is critical for business leaders, managers, and professionals who need to make informed strategic decisions. This course equips participants with practical tools and insights to enhance business performance, manage financial risks, and drive growth.

## Target Audience

This course is suitable for:

- Managers and team leaders from non-financial backgrounds
- Business owners and entrepreneurs
- Finance and accounting professionals seeking a strategic perspective
- Project managers and operational staff involved in financial decision-making
- Anyone aiming to gain a Mini MBA-level understanding of accounting and finance

## Individual Benefits

- Gain strategic and practical finance and accounting knowledge.
- Enhance decision-making, problem-solving, and analytical skills.
- Improve confidence in interpreting and using financial data.
- Develop skills to plan budgets, forecasts, and financial strategies.
- Increase professional credibility and career growth opportunities.

## Organizational Benefits

- Build managerial capacity with financial acumen.
- Improve decision-making and business performance using financial insights.
- Strengthen budgeting, forecasting, and cost management processes.
- Enhance compliance and internal control frameworks.
- Develop in-house expertise for strategic financial management.

## Instructional Methodology

- Instructor-led interactive lectures
- Real-world case studies and examples
- Hands-on exercises in financial analysis and reporting
- Group discussions and scenario-based problem-solving
- Continuous feedback, Q&A sessions, and applied learning

## Course Outline

- Module 1: Introduction to Accounting and Finance in Business
- Module 2: Financial Statements – Interpretation and Analysis
- Module 3: Budgeting, Forecasting, and Variance Analysis
- Module 4: Cash Flow Management and Working Capital Optimization
- Module 5: Financial Ratios, KPIs, and Performance Metrics
- Module 6: Cost Management and Control Techniques
- Module 7: Internal Controls, Compliance, and Risk Management
- Module 8: Strategic Financial Decision-Making
- Module 9: Case Studies – Business Scenarios and Financial Problem-Solving
- Module 10: Capstone Exercise – Integrating Accounting and Finance in Business Strategy

## Certification

Upon successful completion, participants will receive a Certificate in Mini MBA – Accounting and Finance, validating their ability to leverage financial knowledge for strategic decision-making and business performance optimization.
