► **Available delivery methods:** In-House Training

### Introduction

This intensive 10-day training is designed to provide a comprehensive MBA-style understanding of finance and accounting principles, tools, and practices. Participants will gain hands-on experience with real-world financial scenarios, strategic decision-making, and advanced accounting techniques, preparing them to take on leadership roles in finance and business management.

Through interactive workshops, case studies, and practical exercises, participants will learn to analyze financial statements, manage budgets, forecast performance, and implement effective financial controls.

### Objectives

By the end of this course, participants will be able to:

- Understand core finance and accounting concepts used in corporate decision-making.
- Analyze financial statements and interpret key performance metrics.
- Apply budgeting, forecasting, and financial planning techniques.
- Evaluate investment opportunities and manage corporate finances.
- Develop strategic financial solutions and business recommendations.
- Gain insights into risk management, corporate governance, and compliance practices.

## Why Attend

Professionals seeking a fast-track, practical MBA-style finance and accounting program will benefit from this intensive course. It equips participants with the skills and knowledge to make informed financial decisions, enhance business performance, and accelerate career growth.

## Target Audience

This course is suitable for:

- Finance and accounting professionals seeking advanced skills
- Managers and executives aiming to strengthen financial acumen
- Entrepreneurs and business owners
- Consultants and advisors in financial management
- Professionals preparing for leadership roles in finance and business

## Individual Benefits

- Gain a comprehensive understanding of finance and accounting in a condensed period.
- Develop analytical, decision-making, and strategic thinking skills.
- Improve ability to manage budgets, forecasts, and corporate finances.
- Enhance professional credibility and employability.
- Apply learning immediately through practical case studies and exercises.

## Organizational Benefits

- Build internal expertise in finance and accounting for better decision-making.
- Enhance financial planning, control, and reporting capabilities.
- Improve operational efficiency and resource allocation.
- Support strategic initiatives through informed financial insights.
- Develop leaders with advanced finance and accounting competencies.

## Instructional Methodology

- Instructor-led interactive sessions
- Hands-on exercises and applied workshops
- Real-world case studies and financial simulations
- Group discussions and collaborative problem-solving
- Continuous feedback, Q&A, and applied learning exercises

## Course Outline

- Day 1: Fundamentals of Accounting and Financial Statements
- Day 2: Advanced Financial Reporting and Analysis
- Day 3: Management Accounting and Cost Control
- Day 4: Budgeting and Forecasting Techniques
- Day 5: Financial Planning, Strategy, and Decision-Making
- Day 6: Investment Analysis and Portfolio Management
- Day 7: Corporate Finance and Capital Structure
- Day 8: Risk Management and Compliance in Finance
- Day 9: Strategic Performance Measurement and KPIs
- Day 10: Capstone Project - Integrated Financial and Business Analysis

## Certification

Upon successful completion, participants will receive a Certificate in Finance and Accounting MBA, validating their ability to apply advanced finance and accounting concepts, strategic decision-making, and management practices in real-world business scenarios.
