

## CILT CERTIFIED PROCUREMENT PROFESSIONAL

*“Develop Expertise in Strategic Procurement, Supplier Management, and Value Creation for Your Organization”*

### Schedule

Venue (In-house)	Fees
At Your Organization Premises	Ask For The Quotation

### Introduction

Procurement is a strategic function that directly impacts cost efficiency, supplier performance, and organizational competitiveness. The CILT Certified Procurement Professional course provides participants with a comprehensive understanding of procurement principles, processes, and best practices. This program equips professionals to manage the full procurement lifecycle — from sourcing and negotiation to supplier performance management and contract compliance.

Participants will gain practical skills in strategic procurement planning, supplier evaluation, cost analysis, risk management, and performance monitoring. Through case studies, workshops, and interactive exercises, attendees will learn to implement procurement strategies that enhance value, efficiency, and sustainability within their organizations.

### Objectives

By the end of this course, participants will be able to:

- Understand the strategic role of procurement within the organization.
- Develop and implement effective procurement policies and procedures.
- Conduct supplier selection, evaluation, and relationship management.
- Negotiate contracts and manage commercial terms effectively.
- Apply cost analysis, budgeting, and spend management techniques.
- Identify and mitigate procurement risks while ensuring compliance.
- Monitor supplier performance using KPIs and performance metrics.
- Integrate procurement practices with overall supply chain and organizational strategy.

## Why Attend

Strategic procurement is critical for achieving cost savings, risk reduction, and improved supplier collaboration. This course provides participants with both the theoretical foundation and practical skills required to optimize procurement activities, drive efficiency, and create organizational value. It is ideal for professionals seeking to strengthen their procurement expertise and advance their careers.

## Target Audience

This course is suitable for:

- Procurement and Purchasing Managers
- Sourcing and Category Managers
- Supply Chain and Logistics Professionals
- Contract and Vendor Management Specialists
- Finance and Operations Managers involved in procurement
- Anyone seeking professional certification in procurement

## Individual Benefits

- Gain recognized expertise in strategic procurement and supplier management.
- Improve negotiation, analytical, and decision-making skills.
- Learn to identify risks and ensure compliance in procurement processes.
- Enhance your professional credibility and career advancement opportunities.
- Acquire practical tools and techniques for efficient procurement operations.
- Build confidence in managing complex procurement projects and supplier relationships.

## Organizational Benefits

- Improve procurement efficiency, cost management, and supplier performance.
- Enhance compliance with regulatory, legal, and organizational standards.
- Reduce procurement-related risks and operational disruptions.
- Strengthen strategic sourcing and supplier collaboration.
- Build in-house procurement capability and professional expertise.
- Support sustainable and value-driven procurement practices.

## Instructional Methodology

The course uses a practical and interactive approach, including:

- Instructor-led sessions and expert presentations
- Case studies of real-world procurement challenges and solutions
- Group workshops on sourcing, negotiation, and supplier evaluation
- Hands-on exercises in spend analysis, risk assessment, and contract management
- Interactive discussions, Q&A sessions, and problem-solving activities
- Continuous feedback and applied learning support

### Course Outline

- Module 1: Introduction to Strategic Procurement and Its Role
- Module 2: Procurement Policies, Procedures, and Governance
- Module 3: Supplier Selection, Evaluation, and Relationship Management
- Module 4: Negotiation Techniques and Commercial Terms
- Module 5: Cost Analysis, Spend Management, and Budgeting
- Module 6: Risk Management and Compliance in Procurement
- Module 7: Performance Measurement and Supplier KPIs
- Module 8: Category Management and Strategic Sourcing
- Module 9: Technology and Digital Tools in Procurement
- Module 10: Capstone Workshop – Developing a Strategic Procurement Plan

### Certification

Upon successful completion, participants will receive the CILT Certified Procurement Professional credential, recognizing their expertise in strategic procurement, supplier management, and operational excellence in procurement practices.
