Introduction

In today’s digital-first world, a strong online presence is essential for every business that wants to connect, engage, and grow. Digital & Social Media Marketing equips professionals with the strategies, tools, and insights to harness the power of digital platforms for maximum business impact.

This comprehensive, hands-on course covers all major areas of digital marketing — from search engine optimization (SEO) and pay-per-click advertising (PPC) to content marketing, social media strategy, email campaigns, analytics, and more. Participants will learn to create integrated digital marketing campaigns that attract the right audience, increase conversions, and strengthen brand loyalty.

Through real-life case studies and practical exercises, this course transforms marketing theory into actionable strategies that deliver measurable results.

Objectives

By the end of this course, participants will be able to:

- Understand the core principles of digital and social media marketing.
- Develop effective digital marketing strategies aligned with business goals.
- Leverage SEO and SEM to enhance online visibility.
- Plan and manage paid campaigns on Google Ads, Facebook, Instagram, and LinkedIn.
- Create engaging content for multiple social platforms.
- Use analytics tools to measure performance and ROI.
- Apply storytelling and branding techniques for online audiences.
- Build, monitor, and optimize marketing funnels for better conversions.
