| At Your Organization Premises | Ask For The Quotation |

## Introduction

The Women in Leadership course is designed to inspire, empower, and equip women with the skills and mindset needed to lead confidently in today's dynamic workplace. This program focuses on developing leadership presence, strategic thinking, emotional intelligence, and communication excellence while addressing the unique challenges women face in leadership roles.

Participants will explore how to build influence, foster collaboration, and navigate organizational dynamics effectively. Through interactive discussions, real-life case studies, and leadership exercises, this course helps women unleash their full potential and become impactful leaders in any environment.

## Objectives

By the end of this course, participants will be able to:

- Identify their personal leadership style and strengths.
- Develop confidence and presence as a leader.
- Apply emotional intelligence to lead with empathy and influence.
- Communicate effectively and assertively in professional settings.
- Overcome gender-related barriers and build resilience.
- Create strategies for career advancement and work-life balance
