AGILEPM® FOUNDATION – APMG INTERNATIONAL, UK

"Master Agile Project Management Principles and Practices for Effective Delivery"

Schedule

Date	Venue	Duration	Fees (Online)
07 – 09 Apr 2026	Online	3 Days	USD 1000 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Agile project management has become a cornerstone of modern project delivery, offering flexibility, speed, and improved stakeholder engagement. AgilePM®, developed by APMG International, UK, provides a practical and structured approach to applying agile principles in projects across industries.

This 3-day online training equips participants with foundational knowledge of AgilePM® methodology, including the lifecycle, roles, products, and techniques used in agile project delivery. Participants will gain insights into how to manage projects efficiently, improve team collaboration, and deliver value in a fast-changing environment.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and philosophy of AgilePM®
- Apply the AgilePM® lifecycle, including phases and processes
- Define roles, responsibilities, and responsibilities within an agile team
- Develop and manage agile products and deliverables
- Apply AgilePM® techniques for planning, monitoring, and controlling projects
- Enhance stakeholder engagement and collaboration
- Prepare for the AgilePM® Foundation certification exam
