04 – 08 May 2026	Dubai, UAE	USD 3495 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Policies form the backbone of effective governance, risk management, and compliance within organizations. Well-designed and integrated policy frameworks ensure clarity, consistency, and accountability while supporting strategic objectives and regulatory obligations. The Certified Integrated Policy Management Professional (IPMP) program is designed to equip professionals with the skills needed to develop, implement, and manage integrated policy frameworks across the enterprise.

This intensive 5-day training provides a structured approach to policy lifecycle management, alignment with governance and risk frameworks, and integration across business functions. Through practical examples, case studies, and hands-on exercises, participants will gain the competence required to design and govern policies that are effective, compliant, and aligned with organizational strategy.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and components of integrated policy management
- Design and structure organizational policies effectively
- Align policies with governance, risk, and compliance frameworks
- Manage the full policy lifecycle from development to review
- Assess policy effectiveness and compliance
- Support organizational accountability and policy governance
