

MSP® (MANAGING SUCCESSFUL PROGRAMMES) PRACTITIONER 5TH EDITION - AXELOS / PEOPLECERT, UK

"Master Programme Management to Deliver Strategic Business Outcomes Successfully"

Schedule

Date	Venue	Fees (Online)
15 - 16 Jun 2026	Online	USD 700 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Program management is critical for organizations aiming to deliver strategic benefits through coordinated project initiatives. This 2-day MSP® Practitioner course provides participants with the knowledge and skills to apply the MSP® 5th Edition framework effectively, ensuring programs align with business objectives and deliver measurable value.

The course focuses on translating strategy into actionable programs, managing benefits, risks, and stakeholder engagement. Participants will gain hands-on experience applying MSP® principles to real-world scenarios, equipping them to lead programs with confidence and achieve successful outcomes across complex organizational initiatives.

Objectives

By the end of this course, participants will be able to:

- Apply MSP® 5th Edition principles, themes, and processes in real programs
- Manage program governance, risks, and issues effectively
- Align program outcomes with organizational strategic objectives
- Plan, monitor, and control program delivery efficiently
- Tailor MSP® methodology to suit organizational needs
- Prepare for and succeed in the MSP® Practitioner certification exam

Why Attend

Participants should attend this training to:

- Gain internationally recognized MSP® certification
- Enhance skills in program planning, governance, and delivery
- Learn practical techniques to manage complex programs
- Improve stakeholder engagement and benefits realization
- Increase confidence in applying best practices to strategic initiatives

Target Audience

This program is designed for:

- Program managers and aspiring program managers
- Project managers managing multiple related projects
- Portfolio managers and PMO personnel
- Business managers and executives involved in program delivery
- Professionals seeking MSP® Practitioner certification

Individual Benefits

Key competencies that will be developed include:

- Ability to apply MSP® methodology to deliver program outcomes
- Skills in program governance, risk, and issue management
- Competence in benefits management and realization
- Knowledge of tailoring MSP® principles to organizational context
- Readiness for MSP® Practitioner certification exam

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved program delivery aligned with strategic objectives
- Stronger governance and risk management across programs
- Enhanced ability to realize organizational benefits
- Streamlined coordination of multiple projects within programs
- Adoption of best practices in program management

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings - Deep dive into MSP® principles, processes, and themes
- Case Studies - Real-world examples of successful program management
- Workshops - Hands-on exercises applying MSP® concepts to program scenarios
- Peer Exchange - Group discussions on challenges and lessons learned in program delivery
- Tools - Templates for program planning, benefits management, risk, and issue logs
