

## PRINCE2® 7 FOUNDATION - AXELOS / PEOPLECERT, UK

*"Build a Strong Foundation in Project Management with PRINCE2® 7"*

### Schedule

Date	Venue	Fees (Online)
06 - 08 Jul 2026	Online	USD 1000 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

### Introduction

PRINCE2® 7 is a globally recognized project management methodology that provides a structured approach to managing projects efficiently and successfully. This 3-day online training covers the Foundation level, equipping participants with a thorough understanding of PRINCE2® principles, themes, and processes. Attendees will learn how to apply the methodology to manage projects of any size, scope, or complexity, ensuring better planning, execution, and control.

Through interactive sessions, practical exercises, and case studies, participants will gain the knowledge needed to confidently contribute to project teams, understand the roles and responsibilities within projects, and apply best practices in project management. The course also prepares participants for the PRINCE2® Foundation certification, enhancing their career prospects in project management.

### Objectives

By the end of this course, participants will be able to:

- Understand the key principles, themes, and processes of PRINCE2® 7
- Apply PRINCE2® methodology to manage projects effectively
- Identify roles, responsibilities, and governance structures within projects
- Manage project stages, risks, and issues using PRINCE2® techniques
- Prepare for the PRINCE2® Foundation certification exam
- Use PRINCE2® tools and templates for effective project planning and control

## Why Attend

- Gain globally recognized PRINCE2® Foundation certification
- Learn to structure projects for successful delivery and control
- Understand project management terminology, roles, and governance
- Acquire practical tools and templates for planning and monitoring projects
- Improve risk management and issue resolution skills
- Network with other project management professionals

## Target Audience

This program is designed for:

- Aspiring project managers seeking foundational knowledge in PRINCE2®
- Project team members involved in project execution
- Programme managers and coordinators supporting project delivery
- Professionals preparing for PRINCE2® Foundation certification
- Business analysts and consultants engaged in project-based work

## Individual Benefits

Key competencies that will be developed include:

- Understanding PRINCE2® principles, themes, and processes
- Ability to apply PRINCE2® methodology to projects of any size
- Knowledge of project governance, roles, and responsibilities
- Skills to manage risks, issues, and project stages effectively
- Preparation for PRINCE2® Foundation certification
- Improved confidence and capability in project management

## Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Ability to apply a structured approach to project delivery
- Enhanced project governance, risk management, and control
- Increased efficiency and success rate of projects
- Standardized processes across projects in the organization
- Improved communication, planning, and monitoring of project activities
- Greater alignment of projects with organizational objectives

## Instructional Methodology

The course follows a blended online learning approach combining theory with practice:

- Strategy Briefings – Overview of PRINCE2® 7 principles, themes, and processes
- Case Studies – Real-world examples of project management success using PRINCE2®
- Workshops – Hands-on exercises for project planning, risk management, and issue resolution
- Peer Exchange – Group discussions on challenges and lessons learned
- Tools – Templates for project plans, risk logs, issue registers, and stage reports
