

AGILE PROGRAMME MANAGEMENT (AGILEPGM®) FOUNDATION - APMG INTERNATIONAL, UK

“Master Agile Programme Management for Successful Project Delivery”

Schedule

Date	Venue	Fees (Online)
06 – 08 Jul 2026	Online	USD 1000 per delegate

► Available delivery methods: Face-to-Face & Online Training

Introduction

In today’s fast-paced business environment, organizations require agile approaches to manage complex projects and programmes effectively. Agile Programme Management (AgilePgM®) provides the framework, tools, and techniques to deliver organizational strategy through coordinated programme delivery. This 3-day online training equips participants with foundational knowledge and practical insights into Agile principles and programme management practices, enabling them to contribute to successful project outcomes.

Participants will explore key Agile concepts, governance, risk management, and stakeholder engagement in the context of programme management. Through interactive online sessions, practical exercises, and case studies, attendees will gain the confidence to apply AgilePgM® principles in real-world environments, improving efficiency, adaptability, and strategic alignment across programmes.

Objectives

- By the end of this course, participants will be able to:
- Understand the AgilePgM® framework and its key principles
 - Differentiate between project, programme, and portfolio management in Agile environments
 - Apply Agile governance, risk, and issue management practices
 - Engage stakeholders effectively across programmes
 - Plan, coordinate, and deliver programme objectives using Agile principles
 - Demonstrate foundational knowledge for the AgilePgM® Foundation certification

Why Attend

- Gain an internationally recognized Agile programme management qualification
- Learn how to align programme delivery with organizational strategy
- Understand Agile governance, risk, and quality management
- Acquire practical techniques for stakeholder engagement and benefits realization
- Improve the ability to manage multiple projects within a programme effectively
- Network with global participants and share best practices

Target Audience

This program is designed for:

- Programme and project managers
- Team leaders and coordinators responsible for programme delivery
- Business analysts and consultants involved in project or programme management
- Professionals seeking AgilePgM® Foundation certification

Individual Benefits

Key competencies that will be developed include:

- Understanding of AgilePgM® framework and terminology
- Skills to contribute effectively to programme delivery in Agile contexts
- Knowledge of risk management, governance, and stakeholder engagement
- Ability to align projects within a programme to organizational strategy
- Enhanced decision-making and collaboration skills

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved programme delivery using Agile principles
- Stronger governance and risk management practices
- Effective stakeholder engagement and benefits realization
- Better alignment of projects and programmes with organizational strategy
- Increased adaptability to changing business needs

Instructional Methodology

The course follows a blended online learning approach combining theory with practice:

- Strategy Briefings – Overview of AgilePgM® framework and key principles
- Case Studies – Real-world examples of Agile programme management success
- Workshops – Online exercises on planning, risk management, and stakeholder engagement
- Peer Exchange – Group discussions on challenges and lessons learned
- Tools – Templates for programme planning, risk logs, and benefit tracking
