

FACILITIES MANAGEMENT SAFETY

“Ensuring Safe and Compliant Facility Operations Through Practical Safety Practices”

Schedule

Date	Venue	Fees (Online)
20 Aug 2026	Online	USD 450 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Safety within facilities management is essential to protect personnel, assets, and operations. A safe facility not only ensures compliance with regulatory standards but also minimizes risks of accidents, injuries, and operational disruptions.

This intensive 1-day online training equips facilities managers, supervisors, and safety personnel with practical knowledge and strategies to maintain a safe and secure working environment. Participants will explore best practices in hazard identification, risk management, emergency preparedness, and compliance to create a proactive safety culture.

Objectives

By the end of this course, participants will be able to:

- Identify hazards and risks in facilities management operations
- Apply effective safety management techniques in facility environments
- Implement emergency preparedness and response measures
- Ensure compliance with occupational safety standards
- Promote a proactive culture of safety among facility staff

Why Attend

- Minimize workplace accidents and operational risks
- Enhance compliance with safety regulations and standards
- Improve awareness of potential facility hazards
- Strengthen leadership in facility safety management
- Promote a culture of accountability and safety consciousness
- Learn practical tools for hazard assessment and control

Target Audience

This program is designed for:

- Facilities managers and supervisors
- Safety officers and coordinators
- Maintenance and operational staff
- Building managers and administrators
- HSE personnel in facility management roles

Individual Benefits

Key competencies that will be developed include:

- Hazard identification and risk assessment skills
- Knowledge of emergency preparedness and response
- Ability to implement preventive safety measures
- Improved decision-making in safety-related situations
- Enhanced understanding of regulatory compliance requirements
- Practical application of safety tools and techniques

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Reduced workplace incidents and facility-related risks
- Improved compliance with occupational health and safety standards
- Better emergency preparedness and operational continuity
- Stronger safety culture within the organization
- Reduced downtime and operational losses due to accidents
- Increased staff awareness and accountability

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings – Overview of facility safety principles and standards
- Case Studies – Real-world incidents in facility management
- Workshops – Practical exercises on hazard identification and safety planning
- Peer Exchange – Discussions on challenges and best practices
- Tools – Safety checklists, hazard assessment templates, and emergency response guides

Course Outline

Detailed 1-Day Course Outline

Training Hours: 7:30 AM – 3:30 PM Daily Format: 3–4 Learning Modules Coffee Break: 09:30 Lunch Break: 01:00 – 02:00

Day 1: Facility Safety Fundamentals

Module 1: Introduction to Facility Safety (07:30 – 09:30)

- Importance of safety in facilities management
- Legal and regulatory safety requirements

Module 2: Hazard Identification and Risk Assessment (09:45 – 11:15)

- Common facility hazards
- Risk assessment techniques

Module 3: Emergency Preparedness and Response (11:30 – 01:00)

- Fire safety, evacuation, and first aid
- Emergency planning and drills

Module 4: Workshop – Safety Planning and Compliance (02:00 – 03:30)

- Developing actionable safety measures
- Implementing preventive strategies

Certification

Participants will receive a Certificate of Completion in Facilities Management Safety, validating their knowledge and practical skills in ensuring safe, compliant, and efficient facility operations.

Why Choose MAWA Events

- **Global Expertise:** More than 17 years of experience in professional training and consulting.
- **Industry-Leading Faculty:** Courses delivered by seasoned professionals with hands-on experience.
- **Practical Insights:** Learn to turn theory into actionable strategies for real-world business impact.
- **Client-Focused Solutions:** Customized programs designed to achieve your organisation's unique goals.
