AGILE PROGRAMME MANAGEMENT PRACTITIONER – APMG INTERNATIONAL, UK

"Mastering Agile Principles for Effective Programme Delivery and Project Success"

Schedule

Date	Venue	Fees (Online)
03 – 04 Aug 2026	Online	USD 700 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Agile Programme Management is essential for delivering complex projects efficiently in today's dynamic business environment. It emphasizes iterative planning, continuous delivery, and stakeholder collaboration to achieve business objectives.

This intensive 2-day online training provides participants with the knowledge and skills to apply Agile principles at the programme level. Participants will learn how to manage multiple interrelated projects, align programmes with business strategy, and implement Agile best practices for successful delivery.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and framework of Agile Programme Management
- Apply Agile techniques to programme planning and execution
- Manage interrelated projects and align them with strategic objectives
- Monitor programme performance and deliver value iteratively
- Facilitate stakeholder engagement and collaboration
- Implement best practices for continuous improvement

Why Attend

- Enhance programme delivery using Agile principles
- Improve alignment of projects with strategic business goals
- Increase efficiency and flexibility in programme management
- Develop leadership and team collaboration skills
- Reduce risks and optimize resource utilization
- Gain practical knowledge for applying Agile methodologies

Target Audience

This program is designed for:

- Programme managers and project managers
- Portfolio managers and PMO staff
- Agile coaches and Scrum Masters
- Business analysts and team leaders
- Professionals involved in programme delivery and project coordination
- Individuals seeking Agile accreditation from APMG International

Individual Benefits

Key competencies that will be developed include:

- Agile programme planning, scheduling, and monitoring
- Managing complex interdependent projects effectively
- Facilitating stakeholder collaboration and communication
- Applying iterative delivery and continuous improvement principles
- Risk management and value delivery in Agile programmes
- Preparing for APMG International Agile Programme Management Practitioner certification

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved programme delivery efficiency and effectiveness
- Better alignment of projects with strategic objectives
- Enhanced stakeholder satisfaction and engagement
- Reduced risks and improved resource management
- Increased organizational agility and responsiveness
- Strengthened capability for implementing Agile practices at scale

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings – Deep dive into Agile Programme Management principles and frameworks
- Case Studies – Real-world examples of Agile programme success and challenges
- Workshops – Hands-on exercises in planning, execution, and monitoring of programmes
- Peer Exchange – Group discussions on Agile best practices and lessons learned
- Tools – Templates for programme planning, risk management, and stakeholder engagement
