Introduction

Governance, risk management, and compliance (GRC) are critical pillars for organizational success in today's dynamic regulatory environment. This intensive 5-day course provides participants with comprehensive knowledge and practical tools to implement, manage, and enhance GRC frameworks within their organizations. Participants will explore global best practices, regulatory requirements, and risk mitigation strategies, enabling them to strengthen organizational integrity and resilience.

Through interactive workshops, real-world case studies, and practical exercises, participants will develop the skills to assess risks, ensure compliance, and implement effective governance frameworks. By the end of the program, attendees will be equipped to lead GRC initiatives confidently and attain the Certified GRCP designation.

Objectives

By the end of this course, participants will be able to:

- Understand the fundamental principles of governance, risk management, and compliance.
- Develop and implement effective GRC frameworks and policies.
- Identify, assess, and mitigate organizational risks.
- Ensure compliance with legal, regulatory, and industry standards.
- Prepare for the Certified GRCP exam and apply GRC best practices in the workplace.
