

AGILE PROGRAMME MANAGEMENT FOUNDATION + PRACTITIONER - APMG INTERNATIONAL, UK

“Master Agile Programme Management Practices for Successful Project Delivery”

Schedule

Date	Venue	Fees (Online)
13 - 17 Sep 2026	Online	USD 1,500 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

Agile Programme Management is a modern approach to delivering complex programmes effectively, adapting to changing business needs, and maximizing value. This 5-day online course provides participants with comprehensive knowledge and practical skills aligned with the APMG International Foundation and Practitioner standards. Participants will learn how to manage agile programmes efficiently, ensure stakeholder alignment, and deliver outcomes that meet strategic objectives.

Through interactive sessions, case studies, and practical exercises, attendees will gain hands-on experience in agile planning, execution, and governance. By the end of the program, participants will be equipped to lead agile programmes, manage risks, and enhance organizational agility.

Objectives

By the end of this course, participants will be able to:

- Understand the principles and framework of Agile Programme Management.
- Apply agile techniques and governance in programme delivery.
- Plan, monitor, and control agile programmes effectively.
- Manage stakeholder engagement and communication in agile environments.
- Deliver business value and strategic outcomes through agile practices.

Why Attend

- Gain internationally recognized knowledge aligned with APMG standards.
- Learn agile techniques to manage complex programmes efficiently.
- Improve stakeholder engagement, risk management, and delivery outcomes.
- Enhance project and programme governance with agile methods.
- Network with professionals and exchange best practices in agile management.

Target Audience

This program is designed for:

- Programme managers and project managers
- Project coordinators and team leaders
- Portfolio managers and PMO professionals
- Professionals responsible for agile programme delivery and governance
- Individuals seeking APMG International certification in Agile Programme Management

Individual Benefits

Key competencies that will be developed include:

- Mastery of Agile Programme Management principles and techniques.
- Ability to plan, execute, and control agile programmes.
- Skills to manage risks, issues, and stakeholder expectations.
- Knowledge of agile governance, metrics, and reporting.
- Capability to deliver business value through agile programme management.

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Improved programme delivery efficiency and effectiveness.
- Enhanced alignment of programmes with strategic objectives.
- Strengthened risk management and decision-making processes.
- Increased stakeholder satisfaction and engagement.
- Greater organizational agility and adaptability to change.

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings - Deep dive into Agile Programme Management principles, governance, and frameworks
- Case Studies - Real-world examples of successful agile programme delivery
- Workshops - Hands-on exercises in planning, monitoring, and controlling agile programmes
- Peer Exchange - Group discussions on challenges and lessons learned in agile environments
- Tools - Templates for programme planning, risk management, and stakeholder communication
