

PRINCE2 AGILE® PRACTITIONER - AXELOS / PEOPLECERT, UK

"Integrate PRINCE2® project management with Agile approaches to deliver projects efficiently and flexibly"

Schedule

Date	Venue	Fees (Online)
10 - 11 Nov 2026	Online	USD 700 per delegate

► **Available delivery methods:** Face-to-Face & Online Training

Introduction

PRINCE2 Agile® combines the governance and structure of PRINCE2® with the flexibility and responsiveness of Agile methodologies. This 2-day online training equips participants with the knowledge and practical skills to apply PRINCE2 Agile® principles to projects of any size or complexity. Attendees will learn how to manage project scope, control, and delivery while leveraging Agile practices for improved responsiveness and stakeholder engagement.

The course provides a blend of theoretical knowledge, practical exercises, and case studies to ensure participants can implement PRINCE2 Agile® effectively in real-world projects. By the end of the program, attendees will be able to manage projects efficiently, balance governance with agility, and deliver business value consistently.

Objectives

By the end of this course, participants will be able to:

- Understand the PRINCE2 Agile® framework and its integration with Agile practices.
- Apply project management governance while maintaining flexibility.
- Manage project risks, issues, and changes effectively.
- Engage stakeholders and teams for value-driven project delivery.
- Deliver projects that meet business objectives efficiently and adaptively.

Why Attend

- Gain expertise in combining PRINCE2® governance with Agile flexibility.
- Improve project delivery speed, quality, and adaptability.
- Learn practical techniques to manage risks and issues in Agile environments.
- Enhance collaboration and stakeholder engagement.
- Acquire internationally recognized PRINCE2 Agile® skills and certification preparation.

Target Audience

This program is designed for:

- Project managers and project team members.
- Program and portfolio managers seeking Agile integration.
- Professionals involved in project delivery, governance, or process improvement.
- Business analysts and Agile practitioners supporting projects.

Individual Benefits

Key competencies that will be developed include:

- Proficiency in PRINCE2 Agile® principles, processes, and techniques.
- Skills to balance governance with Agile flexibility.
- Ability to manage project risks, issues, and changes.
- Knowledge to deliver business value and meet project objectives efficiently.

Organizational Benefits

Upon completing the training course, participants will demonstrate:

- Enhanced project delivery efficiency and adaptability.
- Improved governance and control of Agile projects.
- Greater alignment of projects with business objectives.
- Increased capability of project teams to respond to changing requirements.

Instructional Methodology

The course follows a blended learning approach combining theory with practice:

- Strategy Briefings - PRINCE2 Agile® methodology, governance, and frameworks.
- Case Studies - Examples of Agile project delivery using PRINCE2® principles.
- Workshops - Hands-on exercises in project planning, risk management, and stakeholder engagement.
- Peer Exchange - Group discussions on project challenges and lessons learned.
- Tools - Templates, checklists, and guidelines for PRINCE2 Agile® implementation.

Course Outline

Detailed 2-Day Course Outline

Training Hours: 9:00 AM – 5:00 PM Daily Format: 3–4 Learning Modules | Coffee Breaks & Lunch included

Day 1: Introduction to PRINCE2 Agile® (09:00 – 04:00)
